TTM Technologies, Inc. earns recognition as a John Deere “Partner-level Supplier” and Hall of Fame Supplier

May 14, 2019

COSTA MESA, Calif., May 14, 2019 (GLOBE NEWSWIRE) -- TTM Technologies, Inc. has earned recognition as a Partner-level supplier for 2018 and was inducted into the Supplier Hall of Fame in the John Deere Achieving Excellence Program. Hall of Fame status is given after a supplier attains a Partner-level rating for five consecutive years. The Partner-level status is Deere & Company’s highest supplier rating. The Costa Mesa, California based company was selected for the honor in recognition of its dedication to providing products and service of outstanding quality as well as its commitment to continuous improvement. Company employees accepted the recognition during formal ceremonies held on April 16, 2019 in Davenport, Iowa.

TTM Technologies, Inc. is a supplier of Printed Circuit Boards (PCB) to John Deere’s operation in various cities.

Suppliers who participate in the Achieving Excellence program are evaluated annually in several key performance categories, including quality, cost management, delivery, technical support and wavelength, which is a measure of responsiveness. John Deere Supply Management created the program in 1991 to provide a supplier evaluation and feedback process that promotes continuous improvement.

About TTM
TTM Technologies, Inc. is a leading global printed circuit board manufacturer, focusing on quick-turn and volume production of technologically advanced PCBs, backplane assemblies and electro-mechanical solutions as well as a global designer and manufacturer of high-frequency radio frequency (RF) and microwave components and assemblies. TTM stands for time-to-market, representing how TTM's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market.
