

## **TTM Technologies, Inc. to Present at the American Electronics Association Conference**

November 1, 2001

REDMOND, WA – Nov. 1, 2001 – TTM Technologies, Inc. (Nasdaq: TTMI), a leading manufacturer of time-critical, technologically advanced printed circuit boards, will participate in the American Electronics Association Classic Financial Conference in San Diego on November 6 and 7.

Kent Alder, President and CEO, and Stacey Peterson, Chief Financial Officer, will discuss the company's successful execution of its time and technology strategy, and its plans for the future.

The presentation will be simulcast on TTM's Web site at 3:30 p.m. Pacific time on Tuesday, November 6. Go to [www.ttmtech.com](http://www.ttmtech.com) and click on Investor Relations. A replay of the broadcast will be available for one week.

TTM Technologies, Inc. is a leading supplier of time-critical, technologically advanced printed circuit boards to original equipment manufacturers and electronic manufacturing services companies. TTM stands for time-to-market, representing how the company's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market. TTM completed its IPO in September 2000 and trades on the Nasdaq National Market System under the symbol TTMI.
