

TTM Technologies, Inc. to Exhibit at International Printed Circuit & APEX South China Fair in Shenzhen, China

December 1, 2016

Costa Mesa, CA - December 1, 2016 - TTM Technologies, Inc. (Nasdaq: TTMI), a global leader in printed circuit board (PCB) manufacturing, will be exhibiting at the annual International Printed Circuit & APEX South China Fair (2016 HKPCA & IPC Show) in Shenzhen, China.

With the theme "Global Wisdom Shaping the Future", the fair brings PCB experts from all over the world to help shape the industry's future through networking and sharing of the latest PCB technologies and market trends.

Located at booth 1L01, TTM's Sales and Technical Experts are available for product and technical discussions on-site throughout the event. The Fair runs from December 7th to 9th at the Shenzhen Convention & Exhibition Center, China.

"TTM has exhibited at the International Printed Circuit & APEX South China Fair for the last 14 years. This annual event gives us the opportunity to share our forward looking view of the PCB industry and the technology drivers within the various market segments we serve. It also gives us a platform to introduce new product offerings and services and to present our technology developments and advancements", said Kent Hardwick, TTM's Senior Vice President of Sales.

About International Printed Circuit & APEX South China Fair (HKPCA & IPC Show)

Since it was first staged in 2002, the Fair, jointly organized by the Hong Kong Printed Circuit Association (HKPCA), Association Connecting Electronics Industries (IPC), and the China Council for the Promotion of International Trade Guangzhou Sub-council (CCPIT-GZ), has grown year by year and evolved from a modest regional event into the PCB industry's premier international platform for networking, information exchange, education, and keeping up with market trends and the latest innovations.
