TTM Technologies, Inc. Receives Major Supplier Award & Recognition From Arista Networks, Inc.

February 13, 2018

COSTA MESA, Calif., Feb. 13, 2018 (GLOBE NEWSWIRE) -- TTM Technologies, Inc. (Nasdaq:TTMI) was recognized by Arista Networks, Inc. ("Arista") (NYSE:ANET) at the inaugural Arista Supplier Appreciation Day on January 25, 2018 at their headquarters in Santa Clara, CA. TTM received an Arista Supplier Excellence Award, Arista's most sought after award as well as Recognition for Extraordinary Partnership.

Arista Networks recognized TTM Technologies with a 2017 Supplier Excellence Award for:

- Long Term overall effective partnership with Arista of Supply Chain Excellence in both PCB and Sheet Metal
- Exceptional flexibility especially in response to border closure caused supply change
- A legacy of providing high quality and reliable components to Arista
- Outstanding customer account support

Arista Networks also awarded TTM the 2017 Recognition for Extraordinary Partnership:

- Exceeding commitments and expectations in PCB and Sheet Metal deliveries in rapid response to border closure caused supply changes

"We are honored to be recognized by Arista as a valued partner. TTM is committed to delivering exceptional quality and added value to our customers by supporting their PCB & Electro-Mechanical technology needs with our complete solutions," said Doug Soder, President of the Communications & Computing Business Unit. "We appreciate this partnership with Arista and we look forward to continuing to serve them and meet their needs as they grow their business."

About Arista Networks
Arista Networks was founded to pioneer and deliver software-driven cloud networking solutions for large datacenter storage and computing environments. Arista's award-winning platforms, ranging in Ethernet speeds from 10 to 100 gigabits per second, redefine scalability, agility and resilience. Arista has shipped more than ten million cloud networking ports worldwide with CloudVision and EOS, an advanced network operating system. Committed to open standards, Arista is a founding member of the 25/50GbE consortium. Arista Networks products are available worldwide directly and through partners. ARISTA, EOS, CloudVision, and AlgoMatch are among the registered and unregistered trademarks of Arista Networks, Inc. in jurisdictions around the world. Other company names or product names may be trademarks of their respective owners. Additional information and resources can be found at: www.arista.com

About TTM Technologies, Inc.
TTM Technologies, Inc. is a leading global printed circuit board ("PCB") manufacturer, focusing on quick-turn and volume production of technologically advanced PCBs, flex and rigid flex PCBs, backplane assemblies and electro-mechanical solutions. TTM stands for time-to-market, representing how TTM's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market.
