

[TTM TECHNOLOGIES, INC. SUPPLIER ANNOUNCEMENT LETTER — NOVEMBER 16, 2009]

November 16, 2009

Dear Valued Suppliers

Subject: Business Combination between TTM Technologies, Inc. and Meadville Group PCB

I am pleased to inform you that TTM has announced a definitive agreement that will result in the business combination of TTM and the printed circuit board business of Meadville. This transaction will fulfill a long-stated TTM M&A objective to develop a complementary offering of high volume, low cost commercial printed circuit board manufacturing capabilities.

Meadville is headquartered in Hong Kong and operates seven facilities in mainland China and one in Hong Kong. It is one of the leading PCB manufacturers in China, posting 2008 revenue of US \$669 million. The company focuses on the production of higher technology commercial PCBs, flexible and rigid-flex circuits and chip carrier substrates. You can learn more about Meadville by accessing its website at www.meadvillegroup.com.

The combination of TTM and Meadville will be a transformational event, creating one of the world's leading PCB products and backplane assembly companies with combined 2008 annual sales of \$1.35 billion. In total, the combined scale, complementary product capabilities and market breadth of these two industry leaders will create significant competitive advantages for TTM which, in turn, will better position TTM for long term global growth.

Please recognize that this transaction is subject to various regulatory and government approvals, and the approval of both companies' shareholders. It is currently anticipated that the deal will close during the first quarter of 2010. Until closure, both companies must continue to operate independently. This includes all dealings with suppliers. We will advise you when the transaction is complete. In the meantime, it is inappropriate for suppliers to contact our purchasing teams regarding business matters predicated on the future combination of our two companies.

This is very exciting news for TTM, Meadville and our valued suppliers. This transaction should create exciting new opportunities for many of you and we thank you for your continued support.

Sincerely,

Shane Whiteside
Chief Operating Officer
