- Represents options to purchase shares of our common stock. Generally, the options become exercisable for 20% of the underlying shares on the first anniversary of the date of grant and for the balance in equal annual installments over the four-year period thereafter, so long as the named executive remains employed by us or one of our subsidiaries. To the extent they are not already exercisable, the options generally become fully exercisable if we are liquidated or dissolved, upon a sale or other disposition of all or substantially all of our assets, or a merger or consolidation after which our existing shareholders cease to hold more than 50% of the voting power of the resulting entity. In addition, the compensation committee of our board of directors may, in its discretion, accelerate the date on which any option may be exercised, and may accelerate the vesting of any shares subject to any option.
- The percentages above are based on an aggregate of 811,030 shares subject to options we granted to employees in the year ended December 31, 2000.
- 4
- Potential realizable value assumes that the stock price increases from the date of the grant until the end of the option term (10 years) at the annual rate specified (5% and 10%). The 5% and 10% assumed annual rates of appreciation are mandated by SEC rules and do not represent our estimate or projection of the future price of our common stock. We do not believe that this method accurately illustrates the potential value of a stock option.
- Includes options to acquire 62,700 shares of our common stock that cliff-vest on the eighth anniversary of the date of grant. However, upon the occurrence of specified events, including a sale of shares by our majority stockholders or a merger, a portion of these options will vest based upon the annual rate of return of our common stock.
- We recorded this deferred stock-based compensation on our balance sheet in 2000 and are amortizing the amount over the life of these stock options.

- (1) The closing sales price per share for our common stock as reported by the Nasdaq National Market on December 29, 2000 was \$14.19. The option value is calculated by multiplying (a) the positive difference, if any, between \$14.19 and the option exercise price by (b) the number of shares of common stock underlying the option.

EMPLOYMENT AGREEMENTS AND CHANGE OF CONTROL ARRANGEMENTS

We have entered into the following employment and change in control arrangements and agreements with our current executive officers.

Kenton K. Alder. On August 3, 2000, we entered into an employment agreement with Kenton Alder, our President and Chief Executive Officer. The agreement terminates on July 31, 2003, unless earlier terminated by Mr. Alder or us. During his employment, Mr. Alder will receive a base salary of \$250,000 per year subject to adjustment by our board from time to time. In addition, Mr. Alder is entitled to participate in any medical, incentive compensation, life insurance and fringe benefits plans and programs in effect from time to time.

In the event we terminate Mr. Alder's employment without cause or Mr. Alder resigns for good reason at any time prior to a change in control or more than one year following a change in control, Mr. Alder is entitled to continuation of his base salary for twelve months. In addition, if we terminate Mr. Alder's employment without cause, and, within 60 days following his date of termination, we consummate a change in control, Mr. Alder will be entitled to an additional lump-sum severance payment in an amount that when added to his salary continuation equals \$375,000. If, within one year following a change in control, we terminate Mr. Alder's employment without cause, or Mr. Alder resigns for good reason, Mr. Alder is entitled to lump-sum severance payment of \$375,000.

5

Good reason generally includes a materially adverse alteration in Mr. Alder's nature or status, a reduction in his salary or benefits and a failure to have a successor corporation assume the agreement.

During the term of his employment and for two years thereafter, Mr. Alder has agreed to keep all confidential information that he obtains as a result of his employment in confidence. In addition, any information that qualifies as a trade secret will remain confidential until it no longer qualifies as such. During his employment and for a period of 12 months thereafter, Mr. Alder is also prohibited from competing with us anywhere in the world, soliciting our employees and interfering with our customers, and other business relations.

Stacey M. Peterson. In February 2000, we entered into a letter agreement with Stacey M. Peterson, our Chief Financial Officer. Pursuant to the agreement, Ms. Peterson receives an annual salary of \$160,000 and is eligible to participate in our incentive cash compensation plan with a bonus of up to 50% of her base salary. In addition, Ms. Peterson received options to purchase 125,400 shares of our common stock at an exercise price of \$2.63 per share under our management stock option plan. Fifty percent of these options cliff vest on the eighth anniversary of the date of grant and the remaining 50% vest ratably over five years beginning on the first anniversary of the date of grant. Furthermore, Ms. Peterson has the opportunity to earn additional options having an aggregate value of up to \$120,000 over a two-year period for exceptional performance to be determined at the sole discretion of the Chief Executive Officer and our board of directors. If Ms. Peterson's employment is terminated without cause, or due to a change of control consummated in the year 2000, she will be paid \$150,000 in a single lump-sum payment. If, following a change of control that occurs in the year 2000, Ms. Peterson elects not to assume the role of CFO of the new corporation, she shall be entitled to a lump-sum payment of \$50,000. If Ms. Peterson is terminated without cause anytime after 2000, she will receive salary continuation for six months.

INCENTIVE PLANS

Cash Incentive Compensation Plan

Effective January 1, 2000, we established a cash incentive compensation plan to provide a means of retaining and attracting capable employees and increasing the incentive to key employees to maximize the value of our company. Eligible employees receive a portion of a bonus pool, determined by our board of directors equal to a percentage of our earnings before interest, taxes and amortization, or EBITA, as defined in the plan. The bonus pool percentage ranges from 1.0% to 5.0% of our EBITA, and is based upon achieving target levels of

EBITA. The term of the agreement is for a one-year period with the bonuses payable no later than March 15th of the succeeding year. Upon a participant's termination of employment without cause or resignation for good reason, the participant will be entitled to a pro rata portion of the bonus for the year in which employment is terminated. Upon a termination for cause or a resignation without good reason, participants forfeit all rights to receive their cash incentive bonus.

Amended and Restated Management Stock Option Plan

Our Amended and Restated Management Stock Option Plan was initially approved by our board of directors and our stockholders in December 1998 and was most recently amended in June 2000. We have initially reserved 4,000,000 shares of common stock for issuance under this plan, however this amount will be increased on January 1st of each of calendar years 2001, 2002, 2003 and 2004, commencing January 1, 2001, in an amount equal to the lowest of:

- 400,000 shares;
- one percent of our outstanding shares of common stock on the last day of the prior fiscal year; or
- a lesser amount determined by our board of directors.

As a result of these annual increases, a maximum of 5,600,000 shares could be issued over the remaining eight-year life of this plan. As of April 20, 2001, options to purchase 2,889,462 shares of our common stock were outstanding.

Administration. The management stock option plan is administered by our board of directors or by the compensation committee of our board, which have the full authority to interpret and construe the plan and all awards granted thereunder.

6

Stock Options. The plan provides for the grant of both incentive stock options under Section 422 of the Internal Revenue Code and non-statutory stock options to our employees and consultants and those of our majority-owned subsidiaries. The board of directors has the discretion to determine the exercise price of options granted under our management stock option plan which is generally equal to the fair market value of our common stock on the date of grant. The exercise price of incentive stock options may not be less than 100% of the fair market value of our common stock on the date of grant, or 110% in the case of incentive stock options granted to individuals who own more than 10% of our common stock.

Generally, 50% of the options granted under the management stock option plan prior to our initial public offering were categorized as A options and the remaining 50% as B options. B options vest ratably over five years beginning on the first anniversary of the date of grant. However, our board or the compensation committee may elect to grant only one type of option. Upon the successful completion of our initial public offering, each optionee received one years' credited service towards the vesting of their B options. A options generally cliff-vest on the eighth anniversary of the date of grant. However, upon the occurrence of specified events, including a sale of shares by our majority stockholders or a merger, a portion of the A options will vest based upon the annual rate of return of our common stock. Following the completion of our initial public offering we have only issued B options, and we do not intend to issue A options in the future.

Upon an optionee's termination of employment without cause, the optionee will vest in a prorated portion of the B options that would have vested had the optionee remained employed until the next anniversary of the date of grant. The effect of a termination of employment without cause on the A options varies based upon when the optionee is terminated: (i) if the termination occurs more than 18 months prior to the eighth anniversary of the date of grant, all unvested options will remain outstanding and subject to acceleration for nine months, (ii) if the date of termination occurs between six months and 18 months prior to the eighth anniversary of the date of grant, then 50% of the A options will vest and (iii) if the date of termination occurs less than six months prior to the eighth anniversary of the date of grant, then 100% of the A options will vest. If an optionee's employment is terminated without cause within one year following a change in control, 100% of the B options will vest and a portion of the A options that did not vest upon consummation of the change in control will vest. Both A and B options generally remain exercisable for 90 days following an optionee's termination of employment.

Call Right. During the 180-day period following a participant's termination of employment for any reason, we have a right to purchase any vested options or shares of common stock acquired upon exercise of options owned by a participant or any permitted transferee. The purchase price paid for such options will be the difference between the then fair market value and the exercise price and the purchase price for any shares shall be the fair market value of the common stock on the date of purchase. In the event a participant's employment is terminated for cause, the purchase price will be the lesser of the fair market value on the date of purchase and the exercise price.

Amendment and Termination. Options granted under the management stock option plan expire on the tenth anniversary of the date of grant. The compensation committee may amend or terminate the plan at any time provided that (i) no such amendment adversely affects an optionee's rights under an existing option and (ii) no amendment may be made if, under applicable law, stockholder approval is required, unless the committee obtains such stockholder approval. Unless terminated earlier, the management stock option plan will terminate on December 11, 2008.

2000 Equity Compensation Plan

In September 2000, we adopted a new equity compensation plan. The purpose of the equity compensation plan is to attract, motivate and retain officers, employees, and consultants and reward such individuals for their contribution to our success. The plan provides for the grant of a variety of equity-based awards including, without limitation, stock options, incentive stock options, restricted stock, stock awards and stock appreciation rights. Awards under the plan may constitute "qualified performance-based compensation" as defined in Section 162(m) of the Internal Revenue Code. We have initially reserved 2,000,000 shares of common stock for issuance under this plan, however this amount will be increased on January 1st of each of calendar years 2001, 2002, 2003 and 2004, commencing January 1, 2001, in an amount equal to the lowest of:

7

- 400,000 shares;
- one percent of our outstanding shares of common stock on the last day of the prior fiscal year; or
- a lesser amount determined by our board of directors.

As a result of these annual increases, a maximum of 3,600,000 shares could be issued over the remaining 10-year life of this plan.

Awards Granted. In connection with our initial public offering in September 2000, we granted our employees an aggregate of 70,832 shares. The stock awards were fully vested as of the date of grant. No other awards have been granted under our 2000 equity compensation plan.

Administration Of The Plan. The plan is administered by our compensation committee, which has the authority to:

- select the individuals who will receive awards, the type of awards granted, the number of shares of our common stock underlying each award and, subject to the provisions of the plan, the terms and conditions of such award;
- construe the plan and any award documents delivered to participants under the plan; and
- prescribe, amend and rescind rules and procedures relating to the plan.

The compensation committee may delegate to one or more of our officers some or all of its authority under the plan. However, the compensation committee may not delegate its authority to (i) grant stock options or other awards under the plan to our officers who are required to file reports of their beneficial ownership of our stock under Section 16 of the Securities Exchange Act of 1934 or (ii) to make awards that are intended to constitute "qualified performance-based compensation" under Section 162(m) of the Code.

Options. Stock options granted under the plan may be either "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code or nonqualified stock options. All terms of stock options including exercise price, vesting and the term of the option will be determined by the compensation committee. However, incentive stock options must have an exercise price equal to 100% of the fair market value of our common stock on the date of grant (110% of the fair market value in the case of 10% shareholders).

Stock Appreciation Rights. Stock appreciation rights allow a participant to receive, upon exercise, an amount in cash (or shares of our common stock) equal to the excess of the fair market value of our common stock on the date of exercise over the fair market value on the date of grant. Stock appreciation rights may be granted alone or in tandem with another award. If granted in tandem with an option, stock appreciation rights will cover an equal or lesser number of shares as are covered by the option, will be exercisable at the same time or times and to the extent as the related stock option and will have the same terms and exercise price as the related stock option. Upon exercise of a stock appreciation right granted in tandem with an option, the related option will be cancelled automatically to the extent of the number of shares covered by the exercise. Likewise, upon exercise of a stock option, the tandem stock appreciation right associated with the option will be cancelled.

Performance Awards. Performance awards are conditioned upon the achievement of certain targets during a specified performance period established by the compensation committee. Any performance awards will be made in compliance with the provisions of Section 162(m) of the Internal Revenue Code. Performance awards may be settled in cash, common stock or a combination thereof. The maximum aggregate value of the cash and other property payable to a participant during any twelve-month performance period is \$5.0 million. This limit will be proportionately adjusted up or down if the performance period is more than or less than 12 months.

Stock Awards. The compensation committee may grant shares of our common stock to participants for no consideration other than the provision of services. Stock awards may also be granted in lieu of other compensation or benefits payable. The shares of common stock underlying the stock awards will be subject to the vesting conditions, restrictions on transfer or other incidents of ownership determined by the compensation committee and provided in the award agreement. The share certificates representing the shares granted to the participant will be registered in the name of the participants but held by us. We may take any actions we deem necessary to restrict the

8

transfer of unvested restricted stock. Other than these restrictions on transfer and other restrictions as determined by the compensation committee and provided in the award agreement, a participant who is granted a stock award will have the rights of a stockholder, including the rights to receive dividends and to vote.

Restricted Stock Units. Restricted stock units represent the right to receive one share of common stock subject to the terms and conditions established by the compensation committee and provided in the award certificate. The restricted stock units are payable in common stock, cash or other property elected by the compensation committee having a value equal to the fair market value of our common stock on the date of settlement.

Transferability Of Awards. Awards granted under the 2000 equity compensation plan are generally not transferable by the participant and, during the lifetime of a participant, are only exercisable by the participant.

Amendment And Termination. Unless terminated sooner, the 2000 equity compensation plan will terminate automatically on the tenth anniversary of the effective date. The compensation committee may at any time amend or terminate the plan or any related document, except that the committee may not make any amendments that would require shareholder approval without obtaining such shareholder approval.

401(K) Plan

We and our subsidiary each sponsor a defined contribution plan intended to qualify under Section 401 of the Internal Revenue Code, or a 401(k) plan. All non-union employees who have completed at least one year of service are eligible to participate in the plan. Participants may elect to make pre-tax contributions to the plan of up to 15% of their eligible earnings, subject to a statutorily prescribed annual limit. Participants are fully vested in their contributions and the investment earnings. At our discretion, we make matching contributions to the 401(k) plan based upon employee contributions and profit sharing as provided for in the plan. Contributions by the participants to the 401(k) plan, and the income earned on these contributions, are generally not taxable to the participants until withdrawn.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table shows the amount of each class of common stock beneficially owned as of April 20, 2001 by (a) each of our directors, (b) each of our current executive officers, (c) all of our directors and current executive officers as a group, and (d) each person known by us to own beneficially more than five percent of our outstanding common stock.

(1) Except as otherwise indicated, the address of each person listed on the table is 17550 N.E. 67th Court, Redmond, WA 98052.

(2) We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, we have included the shares of common stock subject to options and warrants held by that person that are currently exercisable or will become exercisable within 60 days after April 20, 2001, but we have not included those shares for purposes of computing percentage ownership of any other person. We have assumed unless otherwise indicated that the persons and entities named in the table have sole voting and investment power with respect to all shares beneficially owned, subject to community property laws where applicable. Beneficial ownership is based on 37,403,930 shares of our common stock outstanding as of April 20, 2001.

(3) Includes 1,500 shares held by Mr. Alder's children and 140,230 shares issuable upon exercise of options within 60 days of April 20, 2001.

(4) Includes 20,459,613 shares beneficially owned by the Thayer Capital Partners entities. See footnote 11. Messrs. Goettman and McCormick each disclaim beneficial ownership of the shares held by the Thayer Capital Partner entities, except to the extent of their pecuniary interests.

(5) Includes 2,106,422 shares beneficially owned by Brockway Moran & Partners Fund, L.P. Messrs. Moran and Carpenter each disclaim beneficial ownership of the shares held by Brockway Moran & Partners, except to the extent of their pecuniary interests.

(6) Includes 29,753 shares issuable upon exercise of options within 60 days of April 20, 2001.

(7) Includes 42,264 shares issuable upon exercise of options within 60 days of April 20, 2001.

(8) Includes 33,810 shares issuable upon exercise of options within 60 days of April 20, 2001.

(11) Represents shares held by each of Thayer Equity Investors III, L.P., Thayer Equity Investors IV, L.P. and TC Circuits L.L.C., together with the shares held directly by Circuit Holdings. The Thayer Capital Partners entities are affiliates of and are deemed to beneficially own all of the shares that are directly owned by Circuit Holdings.

Thayer Equity Investors III, L.P. and TC Circuits L.L.C. are each controlled by limited liability companies the managing members of which are Frederick Malek, Carl Rickertsen and Paul Stern.

Thayer Equity Investors IV, L.P. is controlled by a limited liability company the managing members of which are Frederick Malek and Carl Rickertsen.

10

Mr. Goettman, one of our directors, is a Managing Director of each of the limited liability companies that control Thayer Equity Investors III, L.P.

and Thayer Equity Investors IV, L.P. Mr. McCormick, one of our directors, is a Vice President of the limited liability company that controls Thayer Equity Investors IV, L.P.

(12) Brockway Moran & Partners Fund, L.P. is controlled by Brockway Moran & Partners Inc. Peter C. Brockway, Michael E. Moran, H. Randall Litten and Kathy J. Mankin are the only stockholders of Brockway Moran & Partners Inc., and none of these persons owns a majority interest in Brockway Moran & Partners Inc. Mr. Moran, one of our directors, is a partner of Brockway Moran & Partners Inc. Mr. Carpenter, one of our directors, is a Vice President of Brockway Moran & Partners Inc.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

PERSONS OR ENTITIES RELATED TO OUR DIRECTORS

Four of our directors are principals in entities that control Circuit Holdings, our largest stockholder. Mr. Goettman, a director of TTM, is also a Managing Director of Thayer Capital Partners. Mr. McCormick, a director of TTM, is also a Vice President of Thayer Capital Partners. Thayer Capital Partners is affiliated with one of our stockholders, Thayer Equity Investors III, L.P., which owns approximately 31% of Circuit Holdings, and with another of our stockholders, Thayer Equity Investors IV, L.P., which owns approximately 28% of Circuit Holdings. Thayer Capital Partners is also affiliated with another of our stockholders, TC Circuits, L.L.C., which owns approximately 1% of Circuit Holdings. Michael E. Moran, another director of TTM, is a Partner of Brockway Moran & Partners, Inc. Philip M. Carpenter III, a director of TTM, is also a Vice President of Brockway Moran & Partners, Inc. Brockway Moran & Partners, Inc. controls another of our stockholders, Brockway Moran & Partners Fund, L.P., which owns approximately 40% of Circuit Holdings.

Entities related to our directors have had, or are currently expected to have, the following involvements in our corporate history:

MANAGEMENT FEES AND AGREEMENTS

In 2000, we paid transaction fees and expenses totaling approximately \$4,150,000 to T.C. Management, LLC and Brockway Moran & Partners Management, L.P., affiliates of Thayer Capital Partners and Brockway Moran & Partners.

More specifically, upon consummation of our initial public offering in September, we entered into an amended, restated and consolidated management agreement with T.C. Management, T.C. Management IV and Brockway & Moran Partners Management that amended and consolidated the two existing agreements with these entities into one agreement. The two prior agreements provided that the three entities were entitled to receive management and consulting fees of \$600,000 per year in connection with corporate development activities and conduct of our business. Under the amended agreement, we no longer pay monthly management fees. In consideration for these entities agreeing to forego future management and consulting fees, we paid them a one-time, aggregate fee of \$1.5 million. In addition, in consideration for the value of the financial advisory services rendered in connection with our initial public offering, we paid these entities an aggregate financial advisory fee of \$2.0 million. The financial advisory services rendered by these entities have included advice regarding our business strategy, positioning us for our initial public offering, general financial advice, including advice related to our corporate structure and our

11

capital structure, and the selection of legal counsel and underwriters. In the future, we will pay these entities financial advisory fees of 1.5% of the first \$50 million of the proceeds or value of any transaction on which these entities render financial advisory services, and 1% of any amount of proceeds or value in excess of \$50 million. The amended agreement further provides that our obligation to pay financial advisory fees will terminate if, immediately prior to the closing of any transaction on which these entities render financial advisory services, these entities and their affiliates, on a combined basis, own less than 25% of our outstanding voting equity securities.

We believe all of these agreements are on terms no less favorable to us than we could have obtained from third parties.
