TTM TECHNOLOGIES, INC. Notes to Consolidated Condensed Financial Statements (Unaudited) (Dollars and shares in thousands, except per share data)

(1) Nature of Operations and Basis of Presentation

TTM Technologies, Inc. (the Company or TTM) is a leading global provider of time-critical and technologically complex printed circuit board (PCB) products and backplane assemblies (PCBs populated with electronic components), which serve as the foundation of sophisticated electronic products. The Company provides advanced technology products and offers a one-stop manufacturing solution to customers from engineering support to prototype development through final volume production. The Company serves a diversified customer base in various markets throughout the world, including manufacturers of networking/communications infrastructure products, touch screen tablets and smartphones. The Company also serves high-end computing, commercial aerospace, defense, and industrial/medical industries. The Company's customers include both original equipment manufacturers (OEMs) and electronic manufacturing services (EMS) providers.

The accompanying consolidated condensed financial statements have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. These consolidated condensed financial statements reflect all adjustments (consisting only of normal recurring adjustments) which, in the opinion of management, are necessary to present fairly the financial position, the results of operations and cash flows of the Company for the periods presented. It is suggested that these consolidated condensed financial statements be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's most recent Annual Report on Form 10-K. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full year. The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the Company's consolidated condensed financial statements and accompanying notes. Actual results could differ materially from those estimates. Beginning January 1, 2013, the Company uses a 13-week fiscal quarter accounting period with the first quarter ending on the last Monday closest to April 1 and the fourth quarter always ending on December 31. The second quarters ended July 1, 2013 and June 25, 2012 contained 182 and 177 days, respectively.

(2) Noncontrolling Interest Holdings

On June 17, 2013, the Company completed the sale of its 70.2% controlling equity interest in Dongguan Shengyi Electronics Ltd. (SYE) to its noncontrolling partner, Shengyi Technology Co. Ltd. (Sytech), for 702,000 Chinese RMB or \$114,495. The Company recognized a gain on the sale of SYE of \$17,917 and recorded a receivable for the total consideration in the amount of \$114,495. Consideration net of cash sold was \$67,146. In connection with the SYE transaction, the Company was also required to settle an intercompany balance owed to SYE in the amount of \$40,670, which the Company paid in cash during the quarter ended July 1, 2013.

Additionally, the Company acquired Sytech's 20.0% noncontrolling equity interest in Dongguan Meadville Circuits Ltd. (DMC) for 180,000 Chinese RMB or \$29,358. The Company recorded a payable for the purchase price amount of \$29,358 as well as an increase to additional paid-in capital for the difference between the purchase price and the carrying value of the noncontrolling interest for \$70.

The total cash expected to be received in the third quarter of 2013 is approximately \$80,000 (net proceeds of \$85,137 less transaction related taxes). Both SYE and DMC plants manufacture conventional PCBs and are located in Dongguan, China.

(3) Inventories

| Work-in-process | 53,29 | 45,822 |
| Finished goods | 38,04 | 2 53,297 |
| | \$ 135,50 | 00 \$ 146.012 |

(4) Definite-lived Intangibles

As of July 1, 2013 and December 31, 2012, the components of definite-lived intangibles were as follows:

| | Gross Amount | Accumulated Amortization | Accumulated Impairment (In thousands) | Cu Trai | oreign rrency islation istment | Net Carrying Amount | Weighted Average Amortization Period (years) |
|--|----------------------------|-----------------------------|---|-------------------|---|--------------------------------|--|
| July 1, 2013: | | | | | | | |
| Strategic customer relationships | \$120,427 | \$ (64,121) | \$ (28,935) | \$ | 438 | \$27,809 | 9.2 |
| Trade name | 10,302 | (5,817) | _ | | 14 | 4,499 | 6.0 |
| | \$130,729 | \$ (69,938) | \$ (28,935) | \$ | 452 | \$32,308 | |
| | | | | | | | |
| | Gross Amount | Accumulated Amortization | Accumulated Impairment | Cu Trai | oreign rrency islation istment | Net Carrying Amount | Weighted Average Amortization Period |
| December 31, 2012: | | | | Cu Trai | rrency islation | Carrying | Average Amortization |
| December 31, 2012: Strategic customer relationships | Amount | Amortization | Impairment (In thousands) | Cu Tra Adju | rrency 1slation 1stment | Carrying Amount | Average Amortization Period (years) |
| December 31, 2012: Strategic customer relationships Trade name | | Amortization \$ (60,322) | Impairment | Cu Trai | rrency islation | Carrying Amount \$31,585 | Average Amortization Period |
| Strategic customer relationships | <u>Amount</u> \$120,427 | Amortization | Impairment (In thousands) | Cu Tra Adju | rrency islation istment 415 | Carrying Amount | Average Amortization Period (years) 9.2 |

The July 1, 2013 and December 31, 2012 definite-lived intangible balances include foreign currency translation adjustments related to foreign subsidiaries which operate in currencies other than the U.S. Dollar.

Definite-lived intangibles are generally amortized using the straight line method of amortization over the useful life, with the exception of the strategic customer relationship intangibles, which are amortized using an accelerated method of amortization based on estimated cash flows. Amortization expense was \$2,327 and \$4,120 for the quarters ended July 1, 2013 and June 25, 2012, respectively, and \$4,655 and \$8,065 for the two quarters ended July 1, 2013 and June 25, 2012, respectively. Amortization expense related to acquired licensing agreements is classified as cost of goods sold.

Estimated aggregate amortization for definite-lived intangible assets for the next five years is as follows:

| | (In thousands) |
|----------------|----------------|
| Remaining 2013 | \$ 4,662 |
| 2014 | 8,372 |
| 2015 | 7,483 |
| 2016 2017 | 4,124 |
| 2017 | 3,901 |
| | \$ 28.542 |

(5) Long-term Debt and Letters of Credit

The following table summarizes the long-term debt of the Company as of July 1, 2013 and December 31, 2012.

| | Average Effective Interest Rate as of July 1, 2013 | July 1, 2013 (In thousands) | Average Effective Interest Rate as of December 31, 2012 | December 31, 2012 (In thousands) |
|---|--|-----------------------------------|---|--|
| Term loan due September 2016 | 2.58% | \$ 370,000 | 2.59% | \$ 370,000 |
| Revolving loan due March 2016 | _ | _ | 2.59% | 30,000 |
| Other | 6.00% | 10 | 6.00% | 12 |
| | | 370,010 | | 400,012 |
| Less: Current maturities | | (48,104) | | (30,004) |
| Long-term debt, less current maturities | | \$ 321,906 | | \$ 370,008 |

The calendar maturities of long-term debt through 2016 and thereafter are as follows:

| | (In thousands) |
|------|----------------|
| 2014 | \$ 96,206 |
| 2015 | 96,204 |
| 2016 | 177,600 |
| | \$ 370,010 |

At July 1, 2013 and December 31, 2012, the remaining unamortized debt issuance costs included in other non-current assets was \$2,345 and \$2,755, respectively, and is amortized to interest expense over the term of the Company's credit agreement entered into in September 2012 (Credit Agreement) using the effective interest rate method. At July 1, 2013, the remaining amortization period for the unamortized debt issuance costs was 3.0 years.

The Company is also required to pay a commitment fee of 0.50% per annum on any unused portion of the loan and letters of credit facility granted under the Credit Agreement. The Company incurred commitment fees related to unused borrowing availability under the Revolver facility of \$95 and \$41 for the quarter ended July 1, 2013 and June 25, 2012, respectively, and \$191 and \$98 for the two quarters ended July 1, 2013 and June 25, 2012, respectively. As of July 1, 2013, the Term Loan under the Credit Agreement of \$370,000, of which \$48,100 is due for repayment in March 2014 and is included as short-term debt and \$321,900 is included as long-term debt, was outstanding; none of the Revolver under the Credit Agreement, and \$52,679 of the Letters of Credit Facility under the Credit Agreement were outstanding. Available borrowing capacity under the Revolving Loan was \$90,000 at July 1, 2013.

Additionally, the Company is party to a revolving loan credit facility with a lender in the People's Republic of China (PRC). Under this arrangement, the lender has made available to the Company approximately \$46,800 in unsecured borrowing with all terms of the borrowing to be negotiated at the time the revolver is drawn upon. There are no commitment fees on the unused portion of the revolver and this arrangement expires in December 2013. As of July 1, 2013, the revolver had not been drawn upon.

Other Letters of Credit

In addition to the letters of credit obtained pursuant to the Credit Agreement, the Company maintains several unused letters of credit for an aggregate amount of \$3,454, which expire between December 31, 2013 and February 28, 2014.

(6) Convertible Senior Notes

In 2008, the Company issued 3.25% Convertible Senior Notes (Convertible Notes) due May 15, 2015, in a public offering for an aggregate principal amount of \$175,000. The Convertible Notes bear interest at a rate of 3.25% per annum. Interest is payable semiannually in arrears on May 15 and November 15 of each year. The Convertible Notes are senior unsecured obligations and rank equally to the Company's future unsecured senior indebtedness and senior in right of payment to any of the Company's future subordinated indebtedness. The liability and equity components of the Convertible Notes are separately accounted for in a manner that reflects the Company's non-convertible debt borrowing rate when interest costs are recognized.

The Company has allocated the Convertible Notes offering costs to the liability and equity components in proportion to the allocation of proceeds and accounted for them as debt issuance costs and equity issuance costs, respectively. At July 1, 2013 and December 31, 2012, the following summarizes the liability and equity components of the Convertible Notes:

| | July 1, 2013 | December 31, 2012 |
|---|------------------|----------------------|
| | (In tho | ousands) |
| Liability components: | | |
| Convertible Notes | \$175,000 | \$ 175,000 |
| Less: Convertible Notes unamortized discount | (14,072) | (17,467) |
| Convertible Notes, net of discount | \$160,928 | \$ 157,533 |
| Equity components: | | |
| Additional paid-in capital: | | |
| Embedded conversion option — Convertible Notes | \$ 43,000 | \$ 43,000 |
| Embedded conversion option — Convertible Notes issuance costs | (1,413) | (1,413) |
| | <u>\$ 41,587</u> | <u>\$ 41,587</u> |

At July 1, 2013 and December 31, 2012, remaining unamortized debt issuance costs included in other non-current assets were \$1,419 and \$1,762, respectively. The debt issuance costs and debt discount are being amortized to interest expense over the term of the Convertible Notes using the effective interest rate method. At July 1, 2013, the remaining amortization period for the unamortized Convertible Note discount and debt issuance costs was 1.9 years.

The components of interest expense resulting from the Convertible Notes for the quarter and two quarters ended July 1, 2013 and June 25, 2012 are as follows:

| | Quarte | r Ended | Two Quar | ters Ended | | | |
|---|---------|----------|----------|-------------------------------|--|--|------------------|
| | July 1, | June 25, | | July 1, June 25, 2013 2012 | | | June 25, 2012 |
| | 2013 | (In thou | | 2012 | | | |
| Contractual coupon interest | \$1,422 | \$1,422 | \$ 2,844 | \$ 2,844 | | | |
| Amortization of Convertible Notes debt discount | 1,715 | 1,578 | 3,395 | 3,123 | | | |
| Amortization of debt issuance costs | 174 | 159 | 343 | 315 | | | |
| | \$3,311 | \$3,159 | \$ 6,582 | \$ 6,282 | | | |

For the quarter and two quarters ended July 1, 2013 and June 25, 2012, the amortization of the Convertible Notes debt discount and debt issuance costs is based on an effective interest rate of 8.37%.

(7) Income Taxes

The Company's effective tax rate was 40.5% and 34.7% for the quarters ended July 1, 2013 and June 25, 2012, respectively. The Company's tax rate increased during the second quarter ended July 1, 2013 primarily due to the gain on sale of assets as discussed in Note 2, and the increase in income earned in higher tax jurisdictions.

The Company's effective tax rate was 33.3% and 30.3% for the two quarters ended July 1, 2013 and June 25, 2012, respectively. The Company's tax rate increased during the two quarters ended July 1, 2013 primarily due to the gain on sale of assets as discussed in Note 2 and an increase in income earned in higher tax jurisdictions, offset by the recognition of discrete tax benefits resulting from the extension of federal research and development credit laws, and from the approval of a research and development deduction in China.

The Company's effective tax rate is primarily impacted by the U.S. federal income tax rate, apportioned state income tax rates, tax rates in China and Hong Kong, generation of other credits and deductions available to the Company, and certain non-deductible items. The Company's effective tax rate will generally differ from the U.S. federal statutory rate of 35% due to favorable tax rates associated with certain earnings from the Company's operations in lower-tax jurisdictions in China. Certain foreign losses generated are not more than likely to be realizable, and thus, no income tax benefit has been recognized on these losses. The Company's foreign earnings attributable to the Asia Pacific operating segment will be permanently reinvested in such foreign jurisdictions and, therefore, no deferred tax liabilities for U.S. income taxes on undistributed earnings are recorded.

(8) Financial Instruments

Derivatives

Interest Rate Swaps

The Company's business is exposed to interest rate risk resulting from fluctuations in interest rates on certain variable rate LIBOR debt. Increases in interest rates would increase interest expenses relating to the outstanding variable rate borrowings of certain foreign subsidiaries and increase the cost of debt. Fluctuations in interest rates can also lead to significant fluctuations in the fair value of the debt obligations.

In 2011, the Company entered into a two-year pay-fixed, receive floating (1-month LIBOR), amortizing interest rate swap arrangement with an initial notional amount of \$146,500, which expired on April 16, 2013. Under the terms of the interest rate swap, the Company would pay a fixed rate of 2.50% and would receive floating 1-month LIBOR during the swap period. The Company had designated this interest rate swap as a cash flow hedge during the quarter and two quarters ended June 25, 2012 and the interest rate swap increased interest expense by \$676 and \$1,285, respectively. The Company did not designate this interest rate swap as a cash flow hedge for the quarter and two quarters ended July 1, 2013 as the borrowings attributable to this interest rate swap were paid in full in September 2012. The change in the fair value of this interest rate swap is recorded as other, net in the consolidated condensed statement of operations.

Foreign Exchange Contracts

The Company enters into foreign currency forward contracts to mitigate the impact of changes in foreign currency exchange rates and to reduce the volatility of purchases and other obligations generated in currencies other than the functional currencies. The Company's foreign subsidiaries may at times purchase forward exchange contracts to manage their foreign currency risks in relation to certain purchases of machinery denominated in foreign currencies other than the Company's foreign functional currency. The notional amount of the foreign exchange contracts at July 1, 2013 and December 31, 2012 was approximately \$29,698 and \$28,259, respectively. The Company has designated certain of these foreign exchange contracts as cash flow hedges.

The fair values of derivative instruments in the consolidated condensed balance sheet are as follows:

| | | Asset / (Li: Va | ability) Fai alue | ir |
|--|---|--------------------|----------------------|-------------------|
| | Balance Sheet Location | ıly 1, 013 | 2 | ember 31, 2012 |
| Cash flow derivative instruments designated as hedges: | | (In tho | usands) | |
| Foreign exchange contracts | Prepaid expenses and other current assets | \$ 150 | \$ | _ |
| Foreign exchange contracts | Deposits and other non-current assets | 85 | | 103 |
| Foreign exchange contracts | Other accrued expenses | (443) | | (34) |
| Foreign exchange contracts | Other long-term liabilities | (4) | | (84) |
| Cash flow derivative instruments not designated as hedges: | | | | |
| Foreign exchange contracts | Prepaid expenses and other current assets | 19 | | 17 |
| Foreign exchange contracts | Deposits and other non-current assets | 82 | | |
| Foreign exchange contracts | Other accrued expenses | (1,018) | | (831) |
| Interest rate swap | Other accrued expenses | | | (620) |
| | | \$ (1,129) | \$ | (1,449) |

The following table provides information about the amounts recorded in accumulated other comprehensive income related to derivatives designated as cash flow hedges, as well as the amounts recorded in each caption in the consolidated condensed statement of operations when derivative amounts are reclassified out of accumulated other comprehensive income:

| | | | | Quar | ter Ended | | |
|--------------------------|--|---|--|---|---|--|--|
| | | | July 1, 2013 | | | June 25, 2012 | |
| | | Effective | Portion | Ineffective Portion | Effective | Portion | Ineffective Portion |

| 0 | Statement Caption | Gain/(Loss) Recognized in Other Comprehensive Income | Portion Gain/(Loss) Reclassified into Income | Ineffective Portion Gain/(Loss) Reclassified into Income (In thousands) | Effective 1 Gain/(Loss) Recognized in Other Comprehensive Income | Portion Gain/(Loss) Reclassified into Income | Portion Gain/(Loss) Recognized into Income |

The following table provides a summary of the activity associated with the designated cash flow hedges reflected in accumulated other comprehensive income for the two quarters ended July 1, 2013 and June 25, 2012:

| | Two Qu | arters Ended |
|---|------------------|--------------------|
| | July 1, 2013 | June 25, 2012 |
| | | 10usands) |
| Beginning balance unrealized loss, net of tax | \$ (15) | \$ (3,262) |
| Changes in fair value, net of tax | (197) | 1,276 |
| Reclassification to earnings | | (61) |
| Ending balance unrealized loss, net of tax | <u>\$ (212</u>) | <u>\$ (2,047</u>) |

The Company expects that substantially all of the accumulated other comprehensive income will be reclassified into the statement of operations, net of tax, in the next 12 months.

The net gain (loss) recognized in other, net in the consolidated condensed statement of operations on derivative instruments not designated as hedges is as follows:

| | Quarter | Quarter Ended | | ters Ended | | |
|--|-----------------|-------------------------------|---------|------------|--|------------------|
| | July 1, 2013 | June 25, July 1, 2012 2013 | | | | June 25, 2012 |
| | | (In thou | sands) | | | |
| Derivative instruments not designated as hedges: | | | | | | |
| Interest rate swap | \$ 143 | \$ 129 | \$ 620 | \$ 229 | | |
| Foreign exchange contracts | (134) | (972) | (665) | (730) | | |
| | <u>\$9</u> | \$ (843) | \$ (45) | \$ (501) | | |

Other Financial Instruments

The carrying amount and estimated fair value of the Company's financial instruments at July 1, 2013 and December 31, 2012 were as follows:

| | Ju | July 1, 2013 | | er 31, 2012 |
|-------------------------------------|----------|--------------|----------|-------------|
| | Carrying | Fair | Carrying | Fair |
| | Amount | Value | Amount | Value |
| | | (In th | ousands) | |
| Available for sale securities | \$ 282 | \$ 282 | \$ 390 | \$ 390 |
| Derivative assets, current | 169 | 169 | 17 | 17 |
| Derivative liabilities, current | 1,461 | 1,461 | 1,485 | 1,485 |
| Derivative assets, non-current | 167 | 167 | 103 | 103 |
| Derivative liabilities, non-current | 4 | 4 | 84 | 84 |
| Long-term debt | 370,010 | 364,998 | 400,012 | 400,012 |
| Convertible senior notes | 160,928 | 176,680 | 157,533 | 176,680 |

The fair value of available for sale securities was determined using quoted market prices for the securities on an active exchange.

The fair value of the derivative instruments was determined using pricing models developed based on the LIBOR swap rate, foreign currency exchange rates, and other observable market data, including quoted market prices, as appropriate. The values were adjusted to reflect nonperformance risk of both the counterparty and the Company, as necessary.

The fair value of the long-term debt was estimated based on discounting the par value of the debt over its life for the difference between the debt stated interest rate and current market rates for similar debt at July 1, 2013 and December 31, 2012, which are considered Level 2 inputs.

The fair value of the convertible senior notes was estimated based on quoted market prices of the securities on an active exchange, which are considered Level 1 inputs.

At July 1, 2013 and December 31, 2012, the Company's other financial instruments included cash and cash equivalents, accounts receivable, notes receivable, accounts payable and equipment payables. Due to short-term maturities, the carrying amount of these instruments approximates fair value.

(9) Accumulated Other Comprehensive Income

The following provides a summary of the components of accumulated other comprehensive income, net of tax as of July 1, 2013 and December 31, 2012:

| | July 1, 2013 | December 31, 2012 |
|---|-----------------|----------------------|
| | (In the | ousands) |
| Foreign currency translation, net of taxes of \$3,005 for 2013 and \$2,959 for 2012 | \$36,786 | \$ 46,777 |
| Unrealized losses related to cash flow hedges | (212) | (15) |
| Unrealized losses related to available for sale securities | (103) | (13) |
| | \$36,471 | \$ 46,749 |

The following provides a summary of reclassifications out of accumulated other comprehensive income, net of tax for the quarter and two quarters ended July 1, 2013:

| | | _ | | | |
|--|----------------------------------|----|------------------|-----------------|----------------------|
| Details about Accumulated Other Comprehensive Income Components | Statement of Operations Location | | Quarter Ended | Tw | vo Quarters Ended |
| Gain on foreign currency translation | Gain on sale of assets | \$ | (14.000) | housands) \$ | (14,266) |
| | Tax | _ | | | |
| | Net of tax | \$ | (14,266) | \$ | (14,266) |
| Loss on available for sale securities | Other, net | \$ | 4 | \$ | 4 |
| | Tax | _ | | | |
| | Net of tax | \$ | 4 | \$ | 4 |

(10) Significant Customers and Concentration of Credit Risk

In the normal course of business, the Company extends credit to its customers, which are concentrated primarily in the computer, networking, communications and aerospace/defense industries. Most customers are located outside the United States, with the exception of aerospace/defense. The Company performs ongoing credit evaluations of customers, does not require collateral and considers the credit risk profile of the entity from which the receivable is due in further evaluating collection risk.

As of July 1, 2013 and December 31, 2012, the Company's 10 largest customers in the aggregate accounted for 55% and 54%, respectively, of total accounts receivable.

The Company's customers include both OEMs and EMS companies. The Company's OEM customers often direct a significant portion of their purchases through EMS companies. While the Company's customers include both OEM and EMS providers, the Company measures customer concentration based on OEM companies, as they are the ultimate end customers.

For the quarter ended July 1, 2013 and June 25, 2012, one customer, Apple, accounted for approximately 14% and 10%, respectively, of the Company's net sales. For the two quarters ended July 1, 2013 and June 25, 2012, one customer, Apple, accounted for approximately 14% and 12%, respectively, of the Company's net sales.

(11) Fair Value Measures

The Company measures at fair value its financial and non-financial assets by using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, essentially an exit price, based on the highest and best use of the asset or liability.

At July 1, 2013 and December 31, 2012, the following financial assets and liabilities were measured at fair value on a recurring basis using the type of inputs shown:

| | July 1, | Fair V | alue Measurements Us | ing: |
|---|----------------------------------|--|---|------------------------|
| | 2013 | Level 1 Inputs | Level 2 Inputs | Level 3 Inputs |
| | | (In thousa | nds) | |
| Money market funds | \$ 66,701 | \$ 66,701 | | — |
| Available for sale securities | 282 | 282 | _ | _ |
| Foreign exchange derivative assets | 336 | _ | \$ 336 | _ |
| Foreign exchange derivative liabilities | 1,465 | | 1,465 | |
| | | | | |
| | | | | |
| | December 31, | Fair V | alue Measurements Us | ing: |
| | December 31, 2012 | Fair V Level 1 Inputs | Value Measurements Us Level 2 Inputs | ing: Level 3 Inputs |
| | , | | Level 2 Inputs | 0 |
| Money market funds | , | Level 1 Inputs | Level 2 Inputs | 0 |
| Money market funds Available for sale securities | 2012 | Level 1 Inputs (In thousa | Level 2 Inputs | 0 |
| | 2012 \$ 132,242 | Level 1 Inputs (In thousa) \$ 132,242 | Level 2 Inputs nds) | 0 |
| Available for sale securities | 2012 \$ 132,242 390 | Level 1 Inputs (In thousand \$ 132,242 390 | Level 2 Inputs nds) | 0 |
| Available for sale securities Foreign exchange derivative assets | 2012 \$ 132,242 390 120 | Level 1 Inputs (In thousa \$ 132,242 390 — | Level 2 Inputs nds) \$ 120 | 0 |

There were no transfers of financial assets or liabilities between Level 1 and Level 2 inputs for the quarter or two quarters ended July 1, 2013 and June 25, 2012.

(12) Commitments and Contingencies

Legal Matters

The Company is subject to various legal matters, which it considers normal for its business activities. While the Company currently believes that the amount of any reasonably possible or probable loss for known matters would not be material to the Company's financial condition, the outcome of these actions is inherently difficult to predict. In the event of an adverse outcome, the ultimate potential loss could have a material adverse effect on the Company's financial condition or results of operations in a particular period. The Company has accrued amounts for its loss contingencies which are probable and estimable at July 1, 2013 and December 31, 2012. However, these amounts are not material to the consolidated condensed financial statements of the Company.

Environmental Matters

The process to manufacture PCBs requires adherence to city, county, state, federal and foreign environmental regulations regarding the storage, use, handling and disposal of chemicals, solid wastes and other hazardous materials as well as air quality standards. Management believes that its facilities comply in all material respects with environmental laws and regulations. The Company has in the past received certain notices of violations and has implemented certain required minor corrective activities. There can be no assurance that violations will not occur in the future. The Company does not expect the outcome of the environmental remediation matters, either individually or in the aggregate, to have a material adverse effect on its financial position, results of operations, or cash flows.

(13) Earnings Per Share

The following is a reconciliation of the numerator and denominator used to calculate basic earnings per share and diluted earnings per share for the quarter and two quarters ended July 1, 2013 and June 25, 2012:

| | Quarte | Quarter Ended | | ters Ended |
|--|-----------------|-------------------|------------------|------------|
| | July 1, 2013 | June 25, 2012 | | |
| | (Ir | thousands, except | per share amount | s) |
| Net income attributable to TTM Technologies, Inc. stockholders | <u>\$13,137</u> | \$ 7,410 | \$18,289 | \$20,005 |
| Weighted average shares outstanding | 82,595 | 81,895 | 82,373 | 81,661 |
| Dilutive effect of performance-based stock units, restricted stock units and stock options | 380 | 372 | 535 | 587 |
| Diluted shares | 82,975 | 82,267 | 82,908 | 82,248 |
| Earnings per share attributable to TTM Technologies, Inc. stockholders: | | | | |
| Basic | \$ 0.16 | \$ 0.09 | \$ 0.22 | \$ 0.24 |
| Diluted | \$ 0.16 | \$ 0.09 | \$ 0.22 | \$ 0.24 |

Performance-based stock units, restricted stock units and stock options to purchase 2,162 and 1,819 shares of common stock, respectively, for the quarter ended July 1, 2013 and June 25, 2012, and 2,335 and 1,727 of common stock for the two quarters ended July 1, 2013 and June 25, 2012, respectively, were not considered in calculating diluted earnings per share because the options' exercise prices or the total expected proceeds under the treasury stock method for performance-based stock units, restricted stock units or stock options was greater than the average market price of common shares during the period and, therefore, the effect would be anti-dilutive.

Additionally, for the quarter and two quarters ended July 1, 2013, the effect of 10,963 shares of common stock related to the Company's Convertible Notes were not included in the computation of dilutive earnings per share because the conversion price of the Convertible Notes and the strike price of the warrants to purchase the Company's common stock were greater than the average market price of common shares during the quarter, and therefore, the effect would be anti-dilutive.

(14) Stock-Based Compensation

Stock-based compensation expense is recognized in the accompanying consolidated condensed statements of operations as follows:

| | Quarter | Quarter Ended | | ters Ended |
|---|---------|---------------|----------|------------|
| | July 1, | June 25, | July 1, | June 25, |
| | 2013 | 2012 | 2013 | 2012 |
| | | (In thou | isands) | |
| Cost of goods sold | \$ 254 | \$ 265 | \$ 557 | \$ 576 |
| Selling and marketing | 335 | 118 | 697 | 232 |
| General and administrative | 1,994 | 2,400 | 3,659 | 4,180 |
| Stock-based compensation expense recognized | 2,583 | 2,783 | 4,913 | 4,988 |
| Income tax benefit recognized | (684) | (691) | (1,181) | (1,270) |
| Total stock-based compensation expense after income taxes | \$1,899 | \$2,092 | \$ 3,732 | \$ 3,718 |

Performance-based Restricted Stock Units

The Company maintains a long-term incentive program for executives that provides for the issuance of performance-based restricted stock units (PRUs), representing hypothetical shares of the Company's common stock that may be issued. Under the PRU program, a target number of PRUs is awarded at the beginning of each three-year performance period. The number of shares of common stock released at the end of the performance period will range from zero to 2.4 times the target number depending on performance during the period. The performance metrics of the PRU program are based on (a) annual financial targets, which are based on revenue and EBITDA (earnings before interest, tax, depreciation, and amortization expense), each equally weighted, and (b) an overall modifier based on the Company's total stockholder return (TSR) relative to the S&P SmallCap 600 for PRUs granted in 2011 and 2012, and, for PRUs granted in 2013, a group of peer companies selected by the Company's compensation committee, over the three-year performance period.

The Company records stock-based compensation expense for PRU awards granted based on management's periodic assessment of the probability of the PRU awards vesting. For the quarter and two quarters ended July 1, 2013, management determined that vesting of the PRU awards was probable. PRU activity for the two quarters ended July 1, 2013 was as follows:

| | Shares (In thousands) |
|---|--------------------------|
| Outstanding target shares at December 31, 2012 | 163 |
| Granted: | |
| Third tranche of 2011 grant | 55 |
| Second tranche of 2012 grant | 71 |
| First tranche of 2013 grant | 127 |
| Change in units due to annual performance achievement | 42 |
| Forfeitures / cancellations | (21) |
| Outstanding target shares at July 1, 2013 | 437 |

The fair value for PRUs granted is calculated using a Monte Carlo simulation model, as the TSR modifier contains a market condition. For the quarter and two quarters ended July 1, 2013 and June 25, 2012, the following assumptions were used in determining the fair value:

| | July 1, 2013 ¹ | June 25, 2012 ² |
|-----------------------------|---------------------------------|----------------------------------|
| Weighted-average fair value | 20131 \$6.79 | 2012 ² \$12.51 |
| Risk-free interest rate | 0.3% | 0.3% |
| Dividend yield | — | |
| Expected volatility | 49% | 55% |
| Expected term in months | 25 | 23 |

(1) Reflects the weighted-averages for the third year of the three-year performance period applicable to PRUs granted in 2011, second year of the three-year performance period applicable to PRUs granted in 2013

(2) Reflects the weighted-averages for the third year of the three-year performance period applicable to PRUs granted in 2010, second year of the three-year performance period applicable to PRUs granted in 2011 and first year of the three-year performance period applicable to PRUs granted in 2012

Restricted Stock Units

The Company granted 67 and 54 restricted stock units during the quarters ended July 1, 2013 and June 25, 2012, respectively, and 894 and 711 restricted stock units during the two quarters ended July 1, 2013 and June 25, 2012, respectively. The units granted have a weighted-average fair value per unit of \$6.96 and \$10.65 for the quarters ended July 1, 2013 and June 25, 2012, respectively, and \$8.17 and \$11.90 for the two quarters ended July 1, 2013 and June 25, 2012, respectively. The fair value for restricted stock units granted is based on the closing share price of the Company's common stock on the date of grant.

Stock Options

The Company did not grant any stock option awards during the quarter or two quarters ended July 1, 2013 and June 25, 2012.

Foreign Employee Share Awards

Prior to the Company's acquisition from Meadville of the Asia Pacific operating segment in April 2010, there already existed a share award plan comprising of Meadville shares for the employees of the Asia Pacific operating segment. Following the acquisition, the unvested Meadville shares under the plan were converted to an equivalent amount of shares of TTM common stock plus cash. These awards vest over five tranches. Four tranches have vested as of July 1, 2013, and the remaining tranche will vest in 2014. The fair value, after adjustment for estimated forfeiture, that is attributed to post-combination service is recognized as an expense over the remaining vesting period and is included as a component of total stock-based compensation expense. At July 1, 2013 and December 31, 2012, there were approximately 16 and 32 shares in the employee share award grants outstanding, respectively.

Summary of Unrecognized Compensation Costs

The following is a summary of total unrecognized compensation costs as of July 1, 2013:

| | Unrecognized Stock-Based <u>Compensation Cost</u> (In thousands) | Remaining Weighted Average Recognition Period (years) | |
|-------------------------------|---|---|--|
| PRU awards | \$ 2,255 | 1.8 | |
| RSU awards | 11,703 | 1.4 | |
| Stock option awards | 156 | 1.0 | |
| Foreign employee share awards | 40 | 0.6 | |
| | \$ 14,154 | | |

(15) Segment Information

The operating segments reported below are the Company's segments for which separate financial information is available and upon which operating results are evaluated by the chief operating decision maker to assess performance and to allocate resources. The Company manages its worldwide operations based on two geographic operating segments: 1) Asia Pacific, which consists of six PCB fabrication plants and one drilling facility, and 2) North America, which consists of seven domestic PCB fabrication plants, including a facility that provides follow-on value-added services primarily for one of the PCB fabrication plants, and one backplane assembly plant in Shanghai, China, which is managed in conjunction with the Company's U.S. operations. Each segment operates predominantly in the same industry with production facilities that produce similar customized products for its customers and use similar means of product distribution.

The Company evaluates segment performance based on operating segment income, which is operating income before amortization of intangibles. Interest expense and interest income are not presented by segment since they are not included in the measure of segment profitability reviewed by the chief operating decision maker. All inter-segment transactions have been eliminated.

| | Quarte | Quarter Ended | | ters Ended |
|--|-------------------|------------------|--------------|---------------|
| | July 1, 2013 | June 25, 2012 | July 1, 2013 | June 25, 2012 |
| | | (In thousa | nds) | |
| Net Sales: | | | | |
| Asia Pacific | \$ 209,631 | \$ 195,561 | \$412,214 | \$ 367,319 |
| North America | 129,669 | 132,309 | 253,258 | 262,333 |
| Total sales | 339,300 | 327,870 | 665,472 | 629,652 |
| Inter-segment sales | (1,279) | (447) | (2,059) | (1,730) |
| Total net sales | <u>\$ 338,021</u> | \$ 327,423 | \$ 663,413 | \$ 627,922 |
| Operating Segment Income: | | | | |
| Asia Pacific | \$ 23,642 | \$ 11,154 | \$ 34,767 | \$ 23,979 |
| North America | 7,032 | 11,076 | 10,889 | 23,972 |
| Total operating segment income | 30,674 | 22,230 | 45,656 | 47,951 |
| Amortization of definite-lived intangibles | (2,327) | (4,102) | (4,655) | (8,018) |
| Total operating income | 28,347 | 18,128 | 41,001 | 39,933 |
| Total other expense | (5,290) | (6,568) | (10,567) | (11,398) |
| Income before income taxes | \$ 23,057 | <u>\$ 11,560</u> | \$ 30,434 | \$ 28,535 |

The Company accounts for inter-segment sales and transfers as if the sale or transfer were to third parties: at arms length and consistent with the Company's revenue recognition policy. The inter-segment sales for the quarter and two quarters ended July 1, 2013 and June 25, 2012 are sales from the Asia Pacific operating segment to the North America operating segment.

(16) Related Party Transactions

In the normal course of business, the Company's foreign subsidiaries purchase laminate and prepreg from related parties in which a significant shareholder of the Company holds an equity interest. The Company purchased laminate and prepeg from these related parties in the amount of \$18,472 and \$21,994 for the quarters ended July 1, 2013 and June 25, 2012, respectively, and \$37,609 and \$43,521 for the two quarters ended July 1, 2013 and June 25, 2012, respectively.

As mentioned in Note 2, the Company completed its sale of SYE during the second quarter ended July 1, 2013. The Company continues to sell PCBs to SYE. Sales to SYE for the quarter and two quarters ended July 1, 2013 were approximately \$4,009. SYE will continue to be a related party as a significant shareholder of the Company holds an equity interest in the parent company of SYE.

A foreign subsidiary of the Company leases employee housing space to a related party. Additionally, the Company performs tooling and drilling services for another related party. The income for these activities was \$69 and \$50 for the quarters ended July 1, 2013 and June 25, 2012, respectively, and \$128 and \$98 for the two quarters ended July 1, 2013 and June 25, 2012, respectively.

At July 1, 2013 and December 31, 2012, the Company's consolidated condensed balance sheet included \$31,403 and \$34,520, respectively, in accounts payable due to, and \$7,499 and \$48, respectively, in accounts receivable due from, related parties for the purchase of laminate and prepreg, sales of PCBs to SYE, and lease arrangements, as mentioned above.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion of our financial condition and results of operations should be read in conjunction with our consolidated condensed financial statements and the related notes and the other financial information included in this Quarterly Report on Form 10-Q. This discussion and analysis contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of specified factors, including those set forth in Item 1A "Risk Factors" of Part II below and elsewhere in this Quarterly Report on Form 10-Q and the factors in Part I "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2012.

This discussion and analysis should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" set forth in our annual report on Form 10-K for the year ended December 31, 2012, filed with the Securities and Exchange Commission.

OVERVIEW

We are a leading global provider of time-critical and technologically complex printed circuit board (PCB) products and backplane assemblies (PCBs populated with electronic components), which serve as the foundation of sophisticated electronic products. We provide our customers time-to-market and advanced technology products and offer a one-stop manufacturing solution to customers from engineering support to prototype development through final volume production. We serve a diversified customer base in various markets throughout the world, including manufacturers of networking/communications infrastructure products, touch screen tablets and smartphones. We also serve high-end computing, commercial aerospace/defense, and industrial/medical industries. Our customers include both original equipment manufacturers (OEMs) and electronic manufacturing services (EMS) providers.

Our Asia Pacific operating segment revenue experiences fluctuations caused in part, by seasonal patterns in the computer and cellular phone industry, which together have become a significant portion of the end markets we serve. This seasonality typically results in higher net sales in the third and fourth quarters due to end customer demand to meet fourth quarter sales of consumer electronics products.

Labor costs represent a significant portion of our total manufacturing costs. Our labor costs in the People's Republic of China (PRC) have increased rapidly over the past several years and, in particular, the past two years, as a result of mandated increases in the minimum wage and increased compensation offered to our labor force due to the reduction of overtime hours that was implemented to meet standards required by some of our global customers. These increases in labor costs have reduced the gross and operating margins of our Asia Pacific operating segment. We believe annual labor rate increases will occur each year for the foreseeable future and may further reduce gross and operating margins in the Asia Pacific operating segment.

While our customers include both OEM and EMS companies, we measure customer concentration based on OEM companies as they are the ultimate end customers. Sales to our 10 largest OEM customers accounted for 52% and 44% of our net sales in the quarters ended July 1, 2013 and June 25, 2012, respectively. Sales to our 10 largest OEM customers accounted for 52% and 46% of our net sales for the two quarters ended July 1, 2013 and June 25, 2012, respectively. Sales to our 10 largest OEM customers accounted for 52% and 46% of our net sales for the two quarters ended July 1, 2013 and June 25, 2012, respectively.

The following table shows the percentage of our net sales attributable to each of the principal end markets we serve for the periods indicated.

| | Quarter | Quarter Ended | | ters Ended |
|--|-----------------|------------------|-----------------|------------------|
| End Markets(1)(3) | July 1, 2013 | June 25, 2012 | July 1, 2013 | June 25, 2012 |
| Aerospace/Defense | 16% | 16% | 16% | 16% |
| Cellular Phone ₍₂₎ | 17 | 14 | 17 | 13 |
| Computing/Storage/Peripherals(2) | 16 | 22 | 18 | 23 |
| Medical/Industrial/Instrumentation/Other | 8 | 9 | 8 | 10 |
| Networking/Communications | 38 | 32 | 36 | 32 |
| Other ₍₂₎ | 5 | 7 | 5 | 6 |
| Total | 100% | 100% | 100% | 100% |

(1) Sales to EMS companies are classified by the end markets of their OEM customers.

(2) Smartphones are included in the Cellular Phone end market, tablet PCs are included in the Computing/Storage/Peripherals end market and other mobile devices such as ereaders are included in the Other end market.

(3) Certain reclassifications of prior year end market percentages have been made to conform to the current year presentation. Beginning in the first quarter of 2013, we reclassified substrate PCBs, which were included in the Other end market, into the end markets that the substrate PCBs are sold into — predominantly Cellular Phone.

For PCBs, we measure the time sensitivity of our products by tracking the quick-turn percentage of our work. We define quick-turn orders as those with delivery lead times of 10 days or less, which typically captures research and development, prototype, and new product introduction work, in addition to unexpected short-term demand among our customers. Generally, we quote prices after we receive the design specifications and the time and volume requirements from our customers. Our quick-turn services command a premium price as compared to standard lead-time products.

We also deliver a significant percentage of compressed lead-time work with lead times of 11 to 20 days. We typically receive a premium price for this work as well. Purchase orders may be cancelled prior to shipment. We charge customers a fee, based on percentage completed, if an order is cancelled once it has entered production. We derive revenues from the sale of PCBs and backplane assemblies using customer-supplied engineering and design plans. We recognize revenues when persuasive evidence of a sales arrangement exists, the sales terms are fixed or determinable, title and risk of loss have transferred, and collectibility is reasonably assured — generally when products are shipped to the customer. Net sales consist of gross sales less an allowance for returns, which typically has been less than 3% of gross sales. We provide our customers a limited right of return for defective PCBs and backplane assemblies. We record an estimated amount for sales returns and allowances at the time of sale based on historical information.

Cost of goods sold consists of materials, labor, outside services, and overhead expenses incurred in the manufacture and testing of our products as well as stock-based compensation expense. Many factors affect our gross margin, including capacity utilization, product mix, production volume, and yield. We generally do not participate in any significant long-term contracts with suppliers, and we believe there are a number of potential suppliers for the raw materials we use.

Selling and marketing expenses consist primarily of salaries and commissions paid to our internal sales force and independent sales representatives, salaries paid to our sales support staff, stock-based compensation expense and costs associated with marketing materials and trade shows. We generally pay higher commissions to our independent sales representatives for quick-turn work, which generally has a higher gross profit component than standard lead-time work.

General and administrative costs primarily include the salaries for executive, finance, accounting, information technology, facilities and human resources personnel, as well as insurance expenses, expenses for accounting and legal assistance, incentive compensation expense, stock-based compensation expense, bad debt expense, gains or losses on the sale or disposal of property, plant and equipment, and acquisition-related expenses.

Net loss (income) attributable to noncontrolling interest represents the portion of our operating results attributable to the noncontrolling shareholders in our Dongguan Shengyi Electronics Ltd, (SYE) and Dongguan Meadville Circuits Ltd. (DMC) operations. On June 17, 2013, we sold our controlling interest in SYE to the noncontrolling shareholder for \$114.5 million. We also purchased the full noncontrolling interest in DMC from the noncontrolling shareholder for \$29.4 million. As a result of these transactions, we no longer have a noncontrolling interest in our consolidated condensed financial statements.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our consolidated condensed financial statements included in this report have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, net sales and expenses, and related disclosure of contingent assets and liabilities.

See Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operation, in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for further discussion of critical accounting policies and estimates. There were no material changes to our critical accounting policies and estimates since December 31, 2012.

Table of Contents

RESULTS OF OPERATIONS

There were 91 days in each of the second quarters ended July 1, 2013 and June 25, 2012, and 182 and 177 days in the two quarters ended July 1, 2013 and June 25, 2012, respectively. The following table sets forth the relationship of various items to net sales in our consolidated condensed statement of operations:

| | Quarter | Quarter Ended | | Two Quarters Ended | |
|--|--------------|---------------|--------------|--------------------|--|
| | July 1, 2013 | June 25, 2012 | July 1, 2013 | June 25, 2012 | |
| Net sales | 100.0% | 100.0% | 100.0% | 100.0% | |
| Cost of goods sold | 85.7 | 83.3 | 85.0 | 82.3 | |
| Gross profit | 14.3 | 16.7 | 15.0 | 17.7 | |
| Operating expenses: | | | | | |
| Selling and marketing | 2.8 | 2.8 | 2.8 | 2.8 | |
| General and administrative | 7.7 | 7.2 | 7.9 | 7.3 | |
| Amortization of definite-lived intangibles | 0.7 | 1.2 | 0.8 | 1.2 | |
| Gain on sale of assets | (5.3) | | (2.7) | | |
| Total operating expenses | 5.9 | 11.2 | 8.8 | 11.3 | |
| Operating income | 8.4 | 5.5 | 6.2 | 6.4 | |
| Other income (expense): | | | | | |
| Interest expense | (1.8) | (1.9) | (1.8) | (2.1) | |
| Other, net | 0.2 | (0.1) | 0.2 | 0.2 | |
| Total other expense, net | (1.6) | (2.0) | (1.6) | (1.9) | |
| Income before income taxes | 6.8 | 3.5 | 4.6 | 4.5 | |
| Income tax provision | (2.7) | (1.2) | (1.5) | (1.3) | |
| Net income | 4.1 | 2.3 | 3.1 | 3.2 | |
| Less: Net income attributable to noncontrolling interest | (0.2) | | (0.3) | | |
| Net income attributable to TTM Technologies, Inc. stockholders | 3.9% | 2.3% | 2.8% | 3.2% | |

We manage our worldwide operations based on two geographic operating segments: (1) Asia Pacific, which consists of six PCB fabrication plants and one drilling facility, and (2) North America, which consists of seven domestic PCB fabrication plants, including a facility that provides follow-on value-added services primarily for one of the PCB fabrication plants, and one backplane assembly plant in Shanghai, China, which is managed in conjunction with the Company's U.S. operations. Each segment operates predominantly in the same industry with production facilities that produce similar customized products for its customers and use similar means of product distribution.

The following table compares net sales by reportable segment for the quarters and two quarters ended July 1, 2013 and June 25, 2012:

| Quarte | Quarter Ended | | ters Ended |
|--------------|----------------|--------------|---------------|
| July 1, 2013 | June 25, 2012 | July 1, 2013 | June 25, 2012 |
| | (In thousands) | | |
| | | | |
| \$ 209,631 | \$ 195,561 | \$412,214 | \$ 367,319 |
| 129,669 | 132,309 | 253,258 | 262,333 |
| 339,300 | 327,870 | 665,472 | 629,652 |
| (1,279) | (447) | (2,059) | (1,730) |
| \$ 338,021 | \$ 327,423 | \$ 663,413 | \$ 627,922 |

Net Sales

Total net sales increased \$10.6 million, or 3.2%, from \$327.4 million for the second quarter of 2012 to \$338.0 million for the second quarter of 2013. Net sales for the Asia Pacific segment, excluding inter-segment sales, increased \$13.3 million, or 6.8%, from \$195.1 million in the second quarter of 2012 to \$208.4 million in the second quarter of 2013. This increase was primarily due to greater demand in our Networking/Communications end market and new customer programs in our Cellular Phone end market. The increase is also the result of an average PCB selling price increase of 12%, which was driven by increased layer count and product mix shift, partially offset by a 4% decrease in PCB shipments from the second quarter of 2013. This decrease was primarily due to lower demand in our Computing/Storage/Peripherals end market, partially offset by an increase in our Networking/Communications and Aerospace/Defense end markets. This resulted in lower volume for our backplane assembly and PCB selling price primarily due to backplane assemblies decreased 8% and PCB sales volume decreased 11%. This was partially offset by a 13% increase in the average PCB selling price primarily due to product mix.

Total net sales increased \$35.5 million, or 5.7%, from \$627.9 million for the first two quarters of 2012 to \$663.4 million for the first two quarters of 2013. Net sales for the Asia Pacific segment, excluding inter-segment sales, increased \$44.6 million, or 12.2%, from \$365.6 million in the first two quarters of 2012 to \$410.2 million in the first two quarters of 2013. This increase was primarily due to new customer programs in our Cellular Phone end market and greater demand in our Networking/Communications end market, resulting in a 4% increase in PCB shipments from the first two quarters of 2012. The average PCB selling price increased by 8%, which was driven by increased layer count and product mix shift. Net sales for the North America segment decreased \$9.0 million, or 3.4%, from \$262.3 million in the first two quarters of 2012 to \$253.3 million in the first two quarters of 2013. This decrease was primarily due to lower demand in our Computing/Storage/Peripherals and Medical/Industrial/Instrumentation end markets, partially offset by an increase in our Aerospace/Defense end market. This resulted in a 13% decline in PCB sales volume, partially of 12% increase in the average PCB selling price, primarily due to product mix, and by a 3% decrease in demand for backplane assemblies from the first two quarters of 2012.

Gross Profit

Gross profit decreased \$6.2 million, or 11.3%, from \$54.7 million for the second quarter of 2012 to \$48.5 million for the second quarter of 2013. Overall gross margin decreased from 16.7% for the second quarter of 2012 to 14.3% for the second quarter of 2013. Gross profit for the Asia Pacific segment decreased \$4.3 million, or 14.2%, from \$30.2 million for the second quarter of 2012 to \$25.9 million for the second quarter of 2013. Gross margin decreased from 15.5% for the second quarter of 2012 to 12.4% for the second quarter of 2013 primarily due to higher labor costs, increased equipment related expenses, and a \$2.0 million product quality issue, partially offset by lower direct material content. Gross profit for the North America segment decreased \$1.9 million, or 7.8%, from \$24.5 million for the second quarter of 2012 to \$22.6 million for the second quarter of 2012 to 12.4% for the second quarter of 2013. Gross margin decreased from 18.5% for the second quarter of 2012 to \$22.6 million for the second quarter of 2012 to \$22.6 million for the second quarter of 2013. Gross margin decreased from 18.5% for the second quarter of 2012 to 17.4% for the second quarter of 2013 primarily due to higher labor expense, higher direct material content and lower cost absorption due to lower production volumes.

Gross profit decreased \$12.0 million, or 10.8%, from \$111.2 million for the first two quarters of 2012 to \$99.2 million for the first two quarters of 2013. Overall gross margin decreased from 17.7% for the first two quarters of 2012 to 15.0% for the first two quarters of 2013. Gross profit for the Asia Pacific segment decreased \$2.7 million, or 4.5%, from \$60.1 million for the first two quarters of 2012 to \$57.4 million for the first two quarters of 2013. Gross margin decreased from 16.4% for the first two quarters of 2012 to 14.0% for the first two quarters of 2013 primarily due to higher labor costs, increased equipment related expenses, and a \$2.0 million product quality issue. Gross profit for the North America segment decreased \$9.3 million, or 18.2%, from \$51.1 million for the first two quarters of 2012 to \$41.8 million for the first two quarters of 2013. Gross and a dower cost absorption due to lower production volumes.

Selling and Marketing Expenses

Selling and marketing expenses increased \$0.6 million, or 6.7%, from \$9.0 million for the second quarter of 2012 to \$9.6 million for the second quarter of 2013. As a percentage of net sales, selling and marketing expenses were 2.8% for both of the second quarters of 2012 and 2013. Selling and marketing expenses increased \$1.1 million, or 6.3%, from \$17.6 million for the first two quarters of 2012 to \$18.7 million for the first two quarters of 2013. As a percentage of net sales, selling and marketing expenses were 2.8% for the first two quarters of 2013. As a percentage of net sales, selling and marketing expenses were 2.8% for the first two quarters of 2013. The increase in selling and marketing expenses for the quarter and two quarters ended July 1, 2013 is primarily due to an increase in labor costs and stock-based compensation expense.

Table of Contents

General and Administrative Expense

General and administrative expenses increased \$2.6 million from \$23.5 million, or 7.2% of net sales, for the second quarter of 2012 to \$26.1 million, or 7.7% of net sales, for the second quarter of 2013. General and administrative expenses increased \$7.1 million from \$45.6 million, or 7.3% of net sales, for the first two quarters of 2012 to \$52.7 million, or 7.9% of net sales, for the first two quarters of 2013. The increase in expense primarily relates to higher labor costs in China and an increase in incentive compensation expense.

Other Income (Expense)

Other expense, net decreased \$1.3 million from \$6.6 million for the second quarter of 2012 to \$5.3 million for the second quarter of 2013. The decrease in other expense, net was primarily due to a decrease in interest expense by \$0.5 million, combined with a \$0.9 million increase in foreign currency transaction and derivative gains. The decrease in interest expense is due to the lower notional amount and expiration of our interest rate swap in April 2013.

Other expense, net decreased \$0.8 million from \$11.4 million for the first two quarters of 2012 to \$10.6 million for the first two quarters of 2013. The decrease in other expense, net was primarily due to a decrease in interest expense by \$0.6 million, a \$1.2 million increase in foreign currency transaction and derivative gains, offset by the absence of a \$0.8 million realized gain on available for sale securities during 2012. The decrease in interest expense is due to the lower notional amount and expiration of our interest rate swap in April 2013.

Income Taxes

The provision for income taxes increased \$5.3 million from \$4.0 million for the second quarter of 2012 to \$9.3 million for the second quarter of 2013. Our effective tax rate was 34.7% for the second quarter of 2012 and 40.5% for the second quarter of 2013. The increase in our effective tax rate is primarily due to the gain on sale of assets in one of our foreign operations and an increase in income earned in higher tax jurisdictions.

The provision for income taxes increased \$1.4 million from \$8.7 million for the two quarters of 2012 to \$10.1 million for the two quarters of 2013. Our effective tax rate was 30.3% for the first two quarters of 2012 and 33.3% for the first two quarters of 2013. The increase in our effective tax rate is primarily due to the gain on sale of assets in one of our foreign operations and an increase in income earned in higher tax jurisdictions, offset by the impact of discrete tax benefits from the extension of the federal research and development credit laws, and the approval of a research and development deduction in China.

Our effective tax rate is primarily impacted by the U.S. federal income tax rate, apportioned state income tax rates, tax rates in China and Hong Kong, generation of other credits and deductions available to us, and certain non-deductible items. Certain foreign losses generated are not more likely than not to be realizable, and thus no income tax benefit has been recognized on these losses. Additionally, as of July 1, 2013 and December 31, 2012, we had net deferred income tax assets of approximately \$9.4 million and \$13.5 million, respectively. As of the end of the second quarter of 2013, based on our forecast for future taxable earnings, we believe it is more likely than not that we will utilize the deferred income tax assets in future periods. In the third quarter of 2013, however, a state law was enacted that will significantly reduce the carryforward period of certain tax credits. As a result, we anticipate the need to establish a valuation allowance in the third quarter of 2013 of approximately \$3.6 million on our state tax credit carryforwards which will reduce the net deferred income tax assets to the amount that is more likely than not to be realized. Furthermore, an unrecognized tax benefit of a proximately \$0.8 million is expected to be recognized in the third quarter of 2013 due to the settlement of a tax position which had been under examination by the Internal Revenue Service.

Liquidity and Capital Resources

Our principal sources of liquidity have been cash provided by operations, and the issuance of term and revolving debt and Convertible Notes. Our principal uses of cash have been to finance capital expenditures, meet debt service requirements, fund working capital requirements and finance acquisitions. We anticipate that servicing debt, financing capital expenditures, funding working capital requirements, and acquisitions will continue to be the principal demands on our cash in the future.

As of July 1, 2013, we had net working capital of approximately \$324.4 million compared to \$395.7 million as of December 31, 2012. This decrease in working capital is primarily attributable to a reduction in debt and the repayment of an intercompany balance owed to SYE as of July 1, 2013.

As of July 1, 2013, we had cash and cash equivalents of approximately \$230.5 million, of which approximately \$107.0 million was held by our foreign subsidiaries. Of the cash and cash equivalents held by our foreign subsidiaries as of July 1, 2013, \$105.4 million was located in Asia and \$1.6 million was located in European countries. Cash and cash equivalents located in our Asia Pacific operating segment are expected to be used in local operations. Cash and cash equivalents located in our backplane assembly facility in Shanghai, China, as well as in Europe, which are managed in conjunction with our U.S. operations, are expected to be repatriated and will be subject to U.S. income tax. As of July 1, 2013, approximately \$14.1 million of cash and cash equivalents was located in our Shanghai, China backplane assembly plant. Other than the cash and cash equivalents located in our Shanghai backplane assembly and our European locations, we do not currently expect to repatriate earnings from our foreign subsidiaries.

Table of Contents

Our 2013 capital expenditure plan is expected to total approximately \$114 million (of which approximately \$95 million relates to our Asia Pacific operating segment). The expenditures will fund capital equipment purchases to increase production capacity, especially for advanced HDI and substrate manufacturing, comply with increased environmental regulations, replace aging equipment, and expand our technological capabilities.

On June 17, 2013, we completed the sale of our 70.2% controlling equity interest in SYE to our noncontrolling partner, Shengyi Technology Co. Ltd. (Sytech), for 702 million Chinese RMB or \$114.5 million. We recognized a gain on the sale of SYE of \$17.9 million and recorded a receivable for the total consideration in the amount of \$114.5 million. Consideration net of cash sold was \$67.2 million. In connection with the SYE transaction, we also were required to settle an intercompany balance owed to SYE in the amount of \$40.7 million, which we paid during the quarter ended July 1, 2013.

Additionally, we acquired Sytech's 20.0% noncontrolling equity interest in DMC for 180 million Chinese RMB or \$29.4 million. We recorded a payable for the purchase price amount of \$29.4 million.

The total cash expected to be received in the third quarter of 2013 is approximately \$80.0 million (net proceeds of \$85.1 million less transaction related taxes). Both SYE and DMC manufacture conventional PCBs and are located in Dongguan, China.

Credit Agreement

We are party to a facility agreement (Credit Agreement) consisting of a \$370.0 million senior secured Term Loan, a \$90.0 million senior secured Revolving Loan and a secured \$80.0 million Letters of Credit Facility. The Term Loan and Letters of Credit Facility will mature on September 14, 2016, and the Revolving Loan will mature on March 14, 2016. The Credit Agreement is secured by substantially all of the assets of our Asia Pacific operating segment and is senior to all our other debt, including the Convertible Notes. We have fully and unconditionally guaranteed the full and punctual payment of all obligations of the Asia Pacific operating segment under the Credit Agreement.

Borrowings under the Credit Agreement bear interest at a floating rate of LIBOR (term election by us) plus an interest margin of 2.38%. At July 1, 2013, the weighted average interest rate on the outstanding borrowings under the Credit Agreement was 2.58%.

Borrowings under the Credit Agreement are subject to certain financial and operating covenants that include maintaining maximum total leverage ratios and minimum net worth, current ratio, and interest coverage ratios for both the Company and our Asia Pacific operating segment. In addition, our Credit Agreement includes a covenant that the Principal Shareholders (as defined in the Shareholders Agreement dated April 9, 2010, as amended on September 14, 2012) will not reduce their shareholding below 15 percent of TTM's issued shares. At July 1, 2013, we were in compliance with the covenants under the Credit Agreement.

We are required to pay a commitment fee of 0.50% per annum on any unused portion of the loan and letters of credit facility granted under the Credit Agreement. We incurred \$0.1 million for the second quarter ended July 1, 2013 and \$0.2 million for the two quarters ended July 1, 2013. As of July 1, 2013, the Term Loan of \$370.0 million, of which \$48.1 million is due for repayment in March 2014 and is included as short-term debt and \$321.9 million is included as long-term debt, none of the Revolver, and \$52.7 million of Letters of Credit were outstanding. Available borrowing capacity under the Revolving Loan was \$90.0 million as of July 1, 2013.

Additionally, we are party to a revolving loan credit facility with a lender in the PRC. Under this arrangement, the lender has made available to us approximately \$46.8 million in unsecured borrowing with all terms of the borrowing to be negotiated at the time the revolver is drawn upon. There are no commitment fees on the unused portion of the revolver and this arrangement expires in December 2013. As of July 1, 2013, the revolver had not been drawn upon.

Convertible Notes

In 2008, we issued \$175.0 million of Convertible Notes. The Convertible Notes bear interest at a rate of 3.25% per annum. Interest is payable semiannually in arrears on May 15 and November 15 of each year. The Convertible Notes are senior unsecured obligations and rank equally to our future unsecured senior indebtedness and senior in right of payment to any of our future subordinated indebtedness.

Other Letters of Credit

In addition to the letters of credit obtained pursuant to the Credit Agreement, we maintain several unused letters of credit totaling \$3.5 million, which expire between December 31, 2013 and February 28, 2014.

Based on our current level of operations, we believe that cash generated from operations, cash on hand and cash available from borrowings under our existing credit arrangements will be adequate to meet our currently anticipated capital expenditure, debt service, working capital, and acquisition needs for the next 12 months.

Contractual Obligations and Commitments

The following table provides information on our contractual obligations as of July 1, 2013:

| | | Less Than | | | After |
|---|-----------|-----------|----------------|-------------|---------------|
| | Total | 1 Year | 1 - 3 Years | 4 - 5 Years | 5 Years |
| | | (| (In thousands) | | |
| Contractual Obligations(1) | | | | | |
| Long-term debt obligations | \$370,010 | \$ 48,104 | \$192,406 | \$129,500 | \$ — |
| Convertible debt obligations | 175,000 | | 175,000 | | _ |
| Interest on debt obligations | 32,925 | 14,952 | 17,260 | 713 | — |
| Foreign currency forward contract liabilities | 1,465 | 1,461 | 4 | | _ |
| Equipment payables | 60,443 | 49,163 | 11,280 | | — |
| Purchase obligations | 51,669 | 50,175 | 1,494 | | _ |
| Operating lease commitments | 7,546 | 2,337 | 2,953 | 1,586 | 670 |
| Total contractual obligations | \$699,058 | \$166,192 | \$400,397 | \$131,799 | <u>\$ 670</u> |

(1) Unrecognized uncertain tax benefits of \$4.5 million are not included in the table above as we have not determined when the amount will be paid.

Off Balance Sheet Arrangements

We do not have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purpose entities, which would have been established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes. In addition, we do not engage in trading activities involving non-exchange traded contracts. As a result, we are not materially exposed to any financing, liquidity, market, or credit risk that could arise if we had engaged in these relationships.

Seasonality

As a result of the product and customer mix of our Asia Pacific operating segment, a portion of our revenue is subject to seasonal fluctuations. These fluctuations include seasonal patterns in the computer and cellular phone industry, which together have become a significant portion of the end markets we serve. This seasonality typically results in higher net sales in the third and fourth quarters due to end customer demand to meet fourth quarter sales of consumer electronics products. Seasonal fluctuations also include the Chinese New Year holidays in the first quarter, which typically results in lower net sales.

Impact of Inflation

We believe that our results of operations are not materially impacted by moderate changes in the inflation rate as we expect that we generally will be able to continue to pass along component price increases to our customers. Severe increases in inflation, however, could affect the global and U.S. economies and have an adverse impact on our business, financial condition and results of operations. In addition, we may not be able to pass along to our major customers significant increases in the costs of gold, copper and other commodities used in our products, which could have a material adverse impact on our gross profit margins.

Recently Issued Accounting Pronouncements

In March 2013, the Financial Accounting Standards Board (FASB) issued an update that would require a parent Company to release any related cumulative translation adjustment into net income when it ceases to have a controlling financial interest in a subsidiary, group of assets or business within a foreign entity. This update is effective for interim and annual periods beginning after December 15, 2013, with early adoption permitted. We adopted the amendment early, as permitted, on January 1, 2013, and our adoption did not have a material impact on our financial statements. See Note 2 and Note 9 to the consolidated condensed financial statements.

In February 2013, the FASB issued an update that would require that an entity provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income, but only if the amount reclassified is required under accounting principles generally accepted in the United States of America (U.S. GAAP) to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required under U.S. GAAP to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under U.S. GAAP that provide additional detail about those amounts. This update does not change the current requirements for reporting net income or other comprehensive income in financial statements and is effective for interim and annual periods beginning after December 15, 2012, with early adoption permitted. We adopted the amendment on January 1, 2013, and our adoption did not have a material impact on our financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

In the normal course of business operations we are exposed to risks associated with fluctuations in interest rates and foreign currency exchange rates. We address these risks through controlled risk management that includes the use of derivative financial instruments to economically hedge or reduce these exposures. We do not enter into derivative financial instruments for trading or speculative purposes.

See Item 7A, *Quantitative and Qualitative Disclosures About Market Risk*, in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for further discussion of market risks associated with interest rates and foreign currency exchange. Our exposure to foreign exchange risks has not changed materially since December 31, 2012.

See *Liquidity and Capital Resources* and *Credit Agreement* appearing in Item 2 of this Form 10-Q for further discussion of the Company's financing facilities and capital structure. As of July 1, 2013, approximately 32.1% of our total debt was based on fixed rates. Based on our borrowings as of July 1, 2013, an assumed 1% change in variable rates would cause our annual interest cost to change by \$3.7 million.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our Chief Executive Officer (CEO) and Chief Financial Officer (CFO), together with management, evaluated the effectiveness of our disclosure controls and procedures as of July 1, 2013 pursuant to Rules 13a-15(e) of the Exchange Act of 1934, as amended (the Exchange Act). Based on that evaluation, our CEO and CFO concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Exchange Act) were effective such that information relating to the Company, including our consolidated subsidiaries, required to be disclosed in our SEC reports, is recorded, processed, summarized and reported within the time frames specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended July 1, 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Our management, including our CEO and CFO, does not expect that our disclosure controls or our internal controls over financial reporting will prevent or detect all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. The design of a control system must acknowledge the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all issues and instances of fraud, if any, within the Company have been detected. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may become a party to various legal proceedings arising in the ordinary course of our business. There can be no assurance that we will prevail in any such litigation. We believe that the amount of any reasonably possible or probable loss for known matters would not be material to our financial statements; however, the outcome of these actions is inherently difficult to predict. In the event of an adverse outcome, the ultimate potential loss could have a material adverse effect on our financial condition or results of operations and cash flows in a particular period.

Item 1A. Risk Factors

An investment in our common stock involves a high degree of risk. You should carefully consider the factors described below and in Part I "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2012, in analyzing an investment in our common stock. If any of the risks in our Annual Report on Form 10-K occurs, our business, financial condition, and results of operations would likely suffer, the trading price of our common stock could fall, and you could lose all or part of the money you paid for our common stock.

In addition, the risk factors and uncertainties could cause our actual results to differ materially from those projected in our forward-looking statements, whether made in this report or the other documents we file with the SEC, or our annual or quarterly reports to stockholders, future press releases, or orally, whether in presentations, responses to questions, or otherwise.

On June 17, 2013, we completed two transactions with our minority partner, Sytech, to (i) sell our majority interest in SYE to Sytech, and (ii) acquire from Sytech its minority equity interest in DMC. Pursuant to the transfer agreement governing the sale of our majority interest in SYE, Sytech agreed to pay to us 702 million Chinese RMB, or \$114.5 million, provided that Sytech may withhold from such payment an amount to cover our tax liability resulting from the sale under applicable law in the PRC. We are currently in discussions with Sytech and the local taxing authority to determine the appropriate amount of tax to be withheld. In the event the parties and the taxing authority settle on a higher amount of tax obligation than anticipated, the amount of proceeds we receive may be reduced and the gain we reported in our second quarter of 2013 results may be reduced. Additionally, if the discussions with Sytech and the local taxing authority take longer than expected to conclude, we may not receive the proceeds from the SYE transaction in the third quarter of 2013 as anticipated.

EQUITY AWARDS AMENDMENT AGREEMENT

THIS EQUITY AWARDS AMENDMENT AGREEMENT (this "<u>Agreement</u>") is made and entered into as of April 24, 2013, by and between TTM Technologies, Inc., a Delaware corporation (the "<u>Company</u>"), and Kenton K. Alder (the "<u>Participant</u>").

Recitals

WHEREAS, the Participant serves as Chief Executive Officer and a director of the Company;

WHEREAS, the Participant's Restated Employment Agreement dated as of March 22, 2010, as amended on January 16, 2012 (the " <u>Employment</u> <u>Agreement</u>"), expired on March 22, 2013;

WHEREAS, the Participant holds fully vested options to purchase 467,149 shares of the Company's common stock (collectively, the " Options");

WHEREAS, the Participant holds performance-based restricted stock units (the "2011 PRUs") granted by the Company pursuant to that certain Grant Notice and Award Agreement dated as of March 9, 2011 (the "2011 PRU Agreement");

WHEREAS, the Participant holds performance-based restricted stock units (the "2012 PRUs" and together with the 2011 PRUs, the "PRUs") granted by the Company pursuant to that certain Grant Notice and Award Agreement dated as of March 1, 2012, as amended and restated on April 26, 2012 (the "2012 PRU Agreement" and together with the 2011 PRU Agreement, the "PRU Agreements"); and

WHEREAS, in connection with the expiration of the Participant's Employment Agreement, the Company and the Participant desire to enter into this Agreement to amend certain of the terms and conditions of the Options and the PRUs as set forth herein.

Agreement

NOW, THEREFORE, in consideration of the premises set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. <u>Amendments to Options</u>. Notwithstanding any of the terms and conditions of any of the Options as may be set forth in any option agreement, plan, or other document evidencing or governing any of the Options (the "<u>Governing Documents</u>"), each of the Options (other than those Options that were issued under the Company's 2006 Equity Incentive Plan and the form of Option Award Agreement thereunder) is hereby amended such that it shall be exercisable by the Participant at any time while the Participant continues to serve as an employee or a director of the Company, and for such period of time after the Participant no longer serves as an employee or director of the Company as shall be provided for in the applicable Governing Documents. Notwithstanding any of the terms and conditions set forth in any of the Governing Documents, for purposes of determining the period of exercisability of such Options after such time as the Participant no longer serves as an employee or director of the Company, references to the termination of both the Participant's employment and service as a director other than for cause, and references to the Participant's resignation shall refer to the Participant's resignation from both employment and service as a director. Notwithstanding the foregoing, in no event shall any of such Options be exercisable on or after the tenth (10th) anniversary of the date of grant of such Option.

1

2. Amendments to PRU Agreements.

- a. All references to "Employee" in the PRU Agreements are hereby replaced with "Participant".
- b. Section 8 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"Termination of Continuous Service.

Except as set forth below, the Participant must remain in Continuous Service through the end of the Performance Period in order to receive any amount of the PRU Award, subject to the terms and conditions of this Agreement."

c. Section 9 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"Retirement of the Participant.

In the event of the Retirement of the Participant, the Participant shall receive a pro rata amount of the PRU Award, payable after the end of the Performance Period as described in <u>Section 4</u> above. For each year or part of a year that the Participant was in Continuous Service during the Performance Period, the amount credited towards the Conditional PRU Award will be determined by multiplying the amount otherwise credited at the end of the applicable year by a fraction equal to the number of whole months elapsed between the beginning of such year and the Participant's Retirement, divided by 12. The resulting amount will be credited towards the Conditional PRU Award and adjusted by the TSR modifier."

d. Section 10 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"Total and Permanent Disability of the Participant.

If the Participant's Continuous Service is terminated due to the Disability of the Participant, the Participant (or a legally designated guardian or representative if the Participant is legally incompetent) shall receive a pro rata amount of the PRU Award, payable after the end of the Performance Period as described in <u>Section 4</u> above. For each year or part of a year that the Participant was in Continuous Service during the Performance Period, the amount credited towards the Conditional PRU Award will be determined by multiplying the amount otherwise credited at the end of the applicable year by a fraction equal to the number of whole months the Participant was in Continuous Service during such year, divided by 12. The resulting amount will be credited towards the Conditional PRU Award and adjusted by the TSR modifier."

e. Section 11 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"Death of the Participant.

If the Participant's Continuous Service is terminated due to the Participant's death, the Participant's estate or designated beneficiary shall receive a pro rata amount of the PRU Award, payable after the end of the Performance Period as described in <u>Section 4</u> above. For each year or part of a year that the Participant was in Continuous Service during the Performance Period, the amount credited towards the Conditional PRU Award will be determined by multiplying the amount credited at the end of the applicable year by a fraction equal to the number of whole months elapsed between the beginning of such year and the Participant's death, divided by 12. The resulting amount will be credited towards the Conditional PRU Award and adjusted by the TSR modifier."

f. Section 12 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"Change-in-Control.

If, within 12 months after a Change-In-Control, the Participant's Continued Service is terminated by the Company (or any of its Subsidiaries) without Cause, or by Participant for Good Reason, the Company shall deliver to Participant, within 60 days after such termination, the Target Amount of Shares subject to the PRU Award made pursuant to this Agreement. The provisions of this <u>Section 12</u> supersede any inconsistent provisions with respect to the impact of a Change in Control on the PRU Award made by this Agreement, including, but not limited to, Section 2(d)(a) of that certain Executive Change in Control Severance Agreement, dated as of April 24, 2013, between the Company and Participant. In the event of any such inconsistency, this Agreement shall be controlling."

g. The definition of "Retirement" set forth in Section 13 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the

following:

""<u>Retirement</u>" means any voluntary termination of the Participant's Continuous Service by the Participant at age 62 or older, provided that Participant has at least five (5) years of Continuous Service prior to such termination."

h. Section 15(c) of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"In accepting the PRU Award, the Participant consents and agrees that in the event the PRU Award becomes subject to an employer tax that is legally permitted to be recovered from the Participant, as may be determined by the Company and/or the Employer at their sole discretion, and whether or not the Participant's Continuous Service is continuing at the time such tax becomes recoverable, the Participant will assume any liability for any such taxes that may be payable by the Company and/or the Employer in connection with the PRU Award. Further, by accepting the PRU Award, the Participant agrees that the Company and/or the Employer may collect any such taxes from the Participant by any of the means set forth in this <u>Section 15</u>. The Participant further agrees to execute any other consents or elections required to accomplish the above, promptly upon request of the Company."

i. Section 17 of each of the PRU Agreements is hereby deleted and replaced in its entirety with the following:

"Acknowledgment and Waiver.

By accepting this grant of PRUs, the Participant acknowledges and agrees that: (i) the Plan is established voluntarily by the Company, it is discretionary in nature and may be modified, amended, suspended or terminated by the Company at any time unless otherwise provided in the Plan or this Agreement; (ii) the grant of PRUs is voluntary and occasional and does not create any contractual or other right to receive future grants of Shares or PRUs, or benefits in lieu of Shares or PRUs, even if Shares or PRUs have been granted repeatedly in the past; (iii) all decisions with respect to future grants, if any, will be at the sole discretion of the Company; (iv) the Participant's participation in the Plan shall not create a right to further employment with the Employer and shall not interfere with the ability of the Employer to terminate the Participant's employment relationship at any time with or without cause, and it is expressly agreed and understood that employment is terminable at the will of either party, insofar as permitted by law; (v) the Participant is participating voluntarily in the Plan; (vi) PRUs, PRU grants and resulting benefits are an extraordinary item that is outside the scope of the Participant's employment contract, if any; (vii) PRUs, PRU grants and resulting benefits are not part of normal or expected compensation or salary for any purposes, including, but not limited to, calculating any severance, resignation, termination, redundancy, end of service payments, bonuses, long-service awards, pension or retirement benefits or similar payments insofar as permitted by law; (viii) this grant of PRUs will not be interpreted to form an employment contract with the Employer or any Subsidiary or Affiliate of the Company; (ix) the future value of the underlying Shares is unknown and cannot be predicted with certainty; (x) in consideration of this grant of PRUs, no claim or entitlement to compensation or damages shall arise from termination of this grant of PRUs or diminution in value of this grant of PRUs resulting from termination of the Participant's Continuous Service by the Company or the Employer (for any reason whatsoever and whether or not in breach of local labor laws) and the Participant irrevocably releases the Company and the Employer from any such claim that may arise; if, notwithstanding the foregoing, any such claim is found by a court of competent jurisdiction to have arisen, then, by accepting the terms of this Agreement, the Participant shall be deemed irrevocably to have waived any entitlement to pursue such claim; (xi) notwithstanding any terms or conditions of the Plan to the contrary, in the event of involuntary termination of the Participant's Continuous Service (whether or not in breach of local labor laws), the Participant's right to receive benefits under this Agreement after termination of Continuous Service, if any, will be measured by the date of termination of the Participant's Continuous Service and will not be extended by any notice period mandated under local law; (xii) the Committee shall have the exclusive discretion to determine when the Participant is no longer in Continuous Service for purposes of this grant of PRUs; and (xiii) if the Company's performance is below minimum levels as set forth in this Agreement or any annual supplement hereto, no PRUs will be awarded and no Shares will be issued to the Participant."

j. The word "employment" in Section 18(d) of each of the PRU Agreements is hereby deleted and replaced with "Continuous Service."

3. <u>Remaining Provisions Effective</u>. Except as expressly provided herein, all other terms and conditions of the Options and the PRUs shall remain in full force and effect.

CERTIFICATION

I, Kenton K. Alder, certify that:

1. I have reviewed this quarterly report on Form 10-Q of TTM Technologies, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in case of an annual report) that has materially affected, or is reasonably likely to materially affect the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
