

## **TTM Technologies Earns Recognition as a John Deere "Partner-level Supplier"**

January 26, 2016 3:14 PM ET

for immediate release

COSTA MESA, CA - TTM Technologies, Inc. has earned recognition as a Partner-level supplier for 2015 in the John Deere Achieving Excellence Program. The Partner-level status is Deere & Company's highest supplier rating. The Costa Mesa-based company was selected for the honor in recognition of its dedication to providing products and service of outstanding quality as well as its commitment to continuous improvement. Company employees accepted the recognition during formal ceremonies held on December 15th in Bettendorf, Iowa. "We are honored with this recognition and thank our dedicated employees in our Guangzhou and Huiyang facilities that work hard to support John Deere," said Jon Pereira TTM's President of the Automotive, Medical, and Industrial & Instrument Business Unit. "We appreciate our relationship with JDES and are committed to continuing to provide outstanding service and product quality in support of their business."

TTM Technologies is a supplier of printed circuit boards (PCBs) to John Deere's operation in Fargo, North Dakota.

Suppliers who participate in the Achieving Excellence program are evaluated annually in several key performance categories, including quality, cost management, delivery, technical support and wavelength, which is a measure of responsiveness. John Deere Supply Management created the program in 1991 to provide a supplier evaluation and feedback process that promotes continuous improvement.

### **About TTM**

TTM Technologies, Inc. is a leading global printed circuit board ("PCB") manufacturer, focusing on quick-turn and technologically advanced PCBs, backplane assemblies and electro-mechanical solutions. TTM stands for time-to-market, representing how TTM's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market.
